The well-known racing motorist, Mr. Kaye Don, who will shortly attempt to beat Sir Henry Segrave's record for the one-mile flying start, tells an amusing story of a young couple who, following a frequent custom nowadays, went on a motor tour for their honeymoon.

One day hubby, who was driving, accidentally bumped another motorist, who was driving solo.

"Why the dickens don't you look where you're going?" angrily exclaimed the man whose car had been struck. "If you must go joy-riding about the country, you might at least keep your eyes open."

"Joy-riding, indeed!" he replied. "I'm not joy-riding. I'll have you know, sir, that the lady in the car with me is my wife."

MONOPOLY OF HIGHWAYS IS DEPRECATED

Continued from Page 1

of the schedule submitted, and compelled the operator to run on that schedule. As long as the schedule was agreeable, and the operator was ready to carry it out the right could be approved from year to year for five years or more under the bill.

PUBLIC PROTECTION

It was pointed out by the Minister that the whole object of the section was to protect the traveling public, by insuring upon the equipment being approved and kept in shape so as to be safe for travel. There would have to be insurance provided, and qualified and responsible drivers maintained in the service.

Another side was introduced by Mr. A. M. Manson, who feared that there might be an attempt made to corrupt the politicians, as a result of these valuable franchises being available for disposal. Party funds might be augmented by operators of such lines. He was called to order by Mr. H. D. Twigg, the chairman of the committee, on the ground that this was beside the question, and Mr. Twigg intimated that the member for Omicamea seemed to have a low conception of the character of the public men of the Province.

Mr. Manson replied that there was no shutting one's eyes to what took place. He could say for his party that he was not satisfied with the source of the campaign funds.

TAX ON RECEIPTS

Dealing with the subject of the tax of one per cent of the gross receipts from licences derived from public carriers, the Minister said that, while the operators would have liked a lesser rate, he felt that the tax was a fair one.

Mr. A. M. Manson contended that it was a well established practice for Parliament to fix the impost to be paid. He stated that he had the practice of the Minister setting the tax. He asked the Minister to go back to the established parliamentary practice.

Mr. T. D. Pattullo backed up the contention.

The Minister said he was agreeable to let the section stand over for later consideration.

The information was given Mr. L. A. Hanna that this tax was to be over and above any other tax, such as the turnover tax.

EXCLUSIVE POWER

When the section permitting the Lieutenant-Governor-in-Council to "confer a special exclusive or limited rights" between fixed termini for a term of five years, Mr. George Pearson questioned the advisability of giving exclusive franchises. An injustice might be done to small concerns. He alluded to excellent service being given Vancouver and two small freighting companies which might be wiped out under this section. He believed the present Minister would administer this fairly, but his successor might not do so.

Dr. J. J. Gillis was also afraid of a monopoly being created which might work out to the detriment of the public.

Mr. Pattullo said he felt this might become too far-reaching.

Mr. Ian Mackenzie said this was creating a one-man public utility power in the province. He opposed any exclusive franchises to any company. He stated that the section was "charged with dynamite," and he prophesied that the Government would live to lament it. He said it was really a gas tax.

The Premier asked that he would like to tax the gas of the Opposition.

Mr. Manson was opposed to the "King's Highway" being used for the operation of exclusive franchises on that road. He said this might be associated with campaign funds. He was of the opinion that neither side of the House was satisfied with the source of these funds.

Mr. C. F. Davie interrupted to ask where the gas came from. He did not know, and if Mr. Manson did, he thought he should reveal it.

Mr. Manson was not prepared to believe the member was as innocent as he pretended.

He went on to suggest that it was not wise to leave such a power in the hands of a minister, when franchises might be as valuable as represented.

Mr. H. D. Twigg, who was in the chair, asked Mr. Manson if he was intending to suggest that a minister was to be open to a bribe. He seemed to have a very low idea of the character of men in public life. He ruled the reference out of order.

Mr. Manson said he would admit that as far as his own party was concerned he was not satisfied with the source of the campaign funds.

Mr. Twigg said he ruled this out of order in an effort to sustain the dignity of his committee and the House. He wished it to drop and would sustain his ruling.

Mr. Manson, in dropping the matter, said he feared the minister had not given full enough consideration to this matter.

COMPLIMENTS MINISTER

In doing so he paid a compliment to Mr. Loughheed, whom he thanked for having sent copies of the information relative to the sections to the members of the Opposition. He said he had a very high respect for the minister.

Dr. H. C. Winch referred to drastic legislation like the Licensing Act, which had been put through the Legislature to meet peculiar conditions. There did not seem to be the excuse for such legislation as this, however. He asked the minister to qualify the clause materially.

Mr. Loughheed wished the matter

to be fully considered. It had been frustrated for a long time in the department.

This was not a franchise. It was a licence for a year. This could be continued year by year for five years. It was exclusive only as to the schedule for a year, renewable up to five years.

Interference was not intended to put any company, no matter how small, out of business. The company would have to advertise the schedule and keep to it.

The law at present was more drastic. The minister could now issue a licence for twenty years without restrictions such as would be provided in this act. Other countries were working on the problem. It is the best guarded clause in Canada today. He quoted from the Ontario act, where the regulations were much more far reaching. Every bus line possible had been appealed.

PUBLIC BENEFITS
A suggestion had been made to have the right to being heard by a licence before his licence was cancelled. These hearings would be held in the public interest. The driver from this were the men directly affected, and complaints were not coming from them.

The passenger now getting on a line, as being a competent driver and a proper equipment. The driver could not change his schedule without notice and authority.

The passenger now getting on a line, as being a competent driver and a proper equipment. The driver could not change his schedule without notice and authority.

The minister announced his intention to accept any suggestions that would improve the bill, but he felt that the public interest had been well protected in connection with the framing of the measure.

When Mr. Ian Mackenzie received the information that there was a proposal to give a franchise to a member for North Vancouver, he advocated a real public utilities commission for the province, instead of the partial measure assigning powers to the Water Board in later years' session. The Minister of Public Works was now taking control of transportation to fix rates, and to prohibit operation.

It was then that the minister pointed to the fact that he had the power now, under the present act, to grant a franchise for twenty years. Mr. Loughheed said that he could refuse to grant another franchise over the route, and thus make the original grant an exclusive one.

Mr. Manson was in full accord with the desire of the minister to see to the safety of the passengers, so that insurance was provided for that the schedules were kept up.

He, however, thought that all of these could not be obtained without the granting of an exclusive franchise.

READY TO ACT

The Premier interjected on the point of public utilities that it was realized that there was something to be desired in that connection. The Government was watching the situation, and would keep abreast of the times in this matter.

A suggestion came from the Leader of the Opposition that the Government had not acted wisely in sending a Manitoba man to the Ontario act as an advisor on the matter of public utilities.

The Premier at once took issue with the leader of the other side, saying that Mr. Stansfeld Evans was a man whose reputation was above reproach. In connection with the fruit situation there were a large number of problems involved. No man in the whole of Canada could expect to be an expert in them all.

When the full report of Mr. Evans was received he felt that there would be a vast amount of information available on the problem.

Reverting back to the position taken by Mr. Manson, the Minister of Public Works said that he found to be essential in a matter of this kind to give security to investors in the enterprises. There would be no interference with the exclusive powers. The exclusive rights were only with regard to the schedules upon which the lines were operated.

He gave the information that a second schedule could be given over the same route, if the original one was not sufficient to meet the needs. In reply, Mr. Manson, Mr. Loughheed said that there was no intention of interfering with municipalities in collecting from their own rates.

The committee rose, asking leave to sit again when the session would be taken up, and also some amendments of the minister will be under review.

CASE AT CAPILANO
That prohibition was reasonable

WATERSHED HEARING IS COMMENCED

Continued from Page 1

the city free from contamination and generally in a sanitary condition, had become increasingly difficult in recent years. The fire hazard was also on the increase, due to the fact that numbers of individuals were found on various portions of the watershed during the Summer months and during the hunting season, and at the same time the Water Commissioner and the City Council had no power under present law to prohibit them.

Mayor Anson, City Comptroller D. A. Macdonald, City Water Commissioner Frank M. Brown, and City Health Officer, Dr. Richard Felton, with Mr. Pringle, attended the session of the private bills committee when the city's special bill was being discussed.

The section referring to this matter, which the city is desirous of having included in Bill No. 50, cited as the Victoria City Act, 1930, read as follows:

POWERS SOUGHT

"Notwithstanding the provisions of the Trespass Act or of any other statute or law to the contrary, no person shall enter upon any watershed land or other land owned or controlled and held or used by the corporation for waterworks purposes or in or upon any of the waters located within the area of the said land without the consent or authority in writing of the Water Commissioner with the approval of the Council of the Corporation, expressed by resolution thereof; and any person so entering upon the said land or waters as aforesaid without the said consent or authority shall be guilty of trespass and shall on summary conviction be liable to a penalty not exceeding \$500 and not less than \$50 for each such offence, and in default of payment, to imprisonment for a period not exceeding six months."

"Provided, however, that the foregoing provisions of this section shall not apply to any public highway used for vehicular traffic within the area of the said watershed land."

"Provided, further, that the council may from time to time by by-law exclude from the operation of the said foregoing provisions of this section any portions of the area of the said lands and waters that in the opinion of the said council are not likely to be injuriously affected for waterworks purposes by entry as aforesaid."

"Provided, further, that nothing in this section shall be deemed to authorize the doing of anything which shall at any time be in violation of the provisions of section 35 of the Corporation of Victoria Waterworks Act, 1873."

TO HEAR ARGUMENTS
Mr. C. F. Davie, chairman of the committee, stated that he had completely forgotten a request by Attorney-General R. H. Pooley that the Metehoon Sheepbreeders' Association be notified when the committee would consider the Private Bill. It was decided to meet again on Tuesday morning, to enable the Metehoon organization to present its views on the city's application with respect to the watershed properties.

Mr. Pringle said that the city's proposal to make more use of an isolated area of the watershed, which comprised thirty-four square miles. As time goes on, the watersheds are becoming more and more attractive to picnickers and hunters, and with the possibility of fires and pollution of the water, we think a serious menace to the watershed exists itself. We want to keep these areas inviolate from a sanitary standpoint.

"We fear pollution of the water, and in the event of a part of pollution can prosecution be successful under present legislation," he pointed out.

CASE AT CAPILANO
That prohibition was reasonable

and similar to that accorded Vancouver for protection of the Capilano watershed. Mr. Ian Mackenzie, Liberal, North Vancouver, stated.

Mr. A. M. Manson, K.C., Omicamea, Liberal, remarked that the watersheds covered a large area and were the home of a good many predatory animals. "If we forbid the usual method of extermination of vermin, it is just a question whether it would not prove serious to sheep breeders in such districts. However, I favor steps which will keep the water uncontaminated."

Mr. Pringle said that one of the advantages of the proposed section would be that the city would be able to insist upon satisfactory blood tests being passed by persons seeking permits to enter the watershed. He considered that this was a very essential precaution for protection of the citizens' water supply.

The committee decided to hear Dr. H. E. Young, secretary of the Provincial Board of Health, on the matter on Tuesday.

Mr. Davie read to the committee a communication from the Metehoon Sheep Breeders' Association, in which the organization protested against the proposed section, and the city of Victoria for reasons which have already appeared in The Colonist.

Mr. Pringle said that one of the advantages of the proposed section would be that the city would be able to insist upon satisfactory blood tests being passed by persons seeking permits to enter the watershed. He considered that this was a very essential precaution for protection of the citizens' water supply.

The committee decided to hear Dr. H. E. Young, secretary of the Provincial Board of Health, on the matter on Tuesday.

MORE FIGHTING IN CHINA FELT TO BE CERTAIN

Continued from Page 1

The South is considered virtually beyond the possibility of healing. With their ambitions what they are, each various and suspicious of the other, and none is willing to make the first gesture which might insure peace for a semi-united China. This open breach became more obvious when Hu Han-Min, chairman of the central executive committee of the National Government, roundly denounced General Yen as a rebel.

FIRECRACKERS AS YET
While there have been sporadic skirmishes in Honan Province, this situation is virtually negligible of itself, being merely in the nature of firecrackers before the main display begins.

In the coming conflict, General Chiang's air force is expected to play a very important role with the arrival here of twelve American Vought-Corsair bombers after undergoing tests during the last week. While these planes are supplied with bombing racks from the United States, it is left to Nanking to supply both the bombs and machine guns.

Each plane is capable of carrying 1,000 pounds of bombs and two machine guns, which arms, however, the United States has refused to supply, even though the arms embargo is lifted. While an American expert is supervising the assembly of these machines, once they are turned over to the Chinese Government, American interest ceases.

THROWN INTO TURMOIL
With China thrown into a turmoil again it will mean business paralysis, increased danger to missionaries and mission centres in the interior since the civil war as well as resumption of prowling and looting by bandit gangs over the countryside. An instance of what can happen comes from two small towns, 130 miles northwest of Hankow, where Belgian and Irish Catholic mission churches are located. One of these buildings was razed by bandits, who poured oil over the premises before setting it afire. Luckily the priests and sisters were warned, escaping before the onslaught.

This region has been left lawless and added with the bandit menace following the November fighting, when the notorious Christian general, Peng Yu-Hsiang, struck to capture Hankow.

"IRONSDIES" REVIVE
Not in the rich industrial Canton area to escape the impending strife. The Communist "Ironsides," who repeatedly have been reported conquered by Nanking, have gained a new lease of life with Bei Chung-Hai, formerly General Chiang's chief aide in the capture of Shanghai three years ago, today commanding forces in that anti-Nanking stronghold.

Bei, like many another Nationalist general, was expelled from the Government party when Nanking came to power. He is now returning in the alliance against President Kai-Shek.

Bei, like many another Nationalist general, was expelled from the Government party when Nanking came to power. He is now returning in the alliance against President Kai-Shek.

BEEF GRADING SERVICE NOW ESTABLISHED

Livestock Branch, Dominion Department of Agriculture, Distributes. Information

BEEF IS BRANDED 'CHOICE' AND 'GOOD'

Eighty-five per cent of the beef produced in the Dominion is consumed by the people of Canada, according to a folder distributed to the beef producers of the country by the live stock branch of the Department of Agriculture. Among other things, it points out that, because the producer in the past was chiefly interested in export outlets for cattle, he is still apt to overlook the fact that the buying power of the Canadian people offers as good a market as is available in any country.

With the object of making the domestic market of more direct value to the producer, the Department of Agriculture in September last established a beef-grading service. Through this service, the Canadian consumer is now able to purchase beef which carries on every important cut a stamp of approval as to its eating quality; and it is already evident that the opportunity to buy beef with some assurance that it will be of the quality expected is welcomed by a large percentage of Canadian buyers. Naturally, there is a danger that the demand for the graded article may so far exceed the supply that it will cease to be within the reach of the average consumer; but, if the grading service is to prove of benefit to the producer, the supply of the right kind of cattle to meet the requirements of the home market must keep pace with the demand for graded beef. No doubt domestic demand focussed on quality beef

Four hundred chairs, thirty card tables and plenty of hostess card parties. Large kitchen, silver, dishes and table for strict diners. Fine elevator. Carport for floor for large lectures.

Rents from \$42.50 Up. We do all cleaning. Men always in attendance. For appointment see The Griffith Company

Artside Bldg. Phone 1402

CITY TAX SALE SHOULD OCCUR AT LATER DATE

Such Is Contentment of City, in Presenting Amendment to Municipal Act Regulation

SEEK CLARIFYING OF VOTERS' LISTS

The Victoria City Council deems it advisable that the date for holding the annual tax sale in Victoria should be several weeks later than the date set by by-law for the last date of payment of taxes before penalties are added. City Solicitor H. S. Pringle said yesterday, in appearing before the private bills committee of the Legislature, in support of the Victoria City private bill.

Mr. Pringle said that in this connection the council desired the following clause included in the measure:

"Notwithstanding the provisions of the Municipal Act, on the first Monday of November in each year, at the council chamber of the municipality, at the hour of 10 o'clock a.m., the collector of the corporation shall offer for sale by public auction all and every parcel of land and the improvements thereon, the taxes upon which are delinquent. The collector may adjourn the sale until the same hour upon the following day, and so on from day to day until every parcel is disposed of, and all the provisions of the Municipal Act, except as to the date of commencement of said tax sale, shall apply in respect of the said sale and of the land and improvements sold thereat in each year."

EFFECT OF PROPOSAL

The reason for this action, Mr. Pringle remarked, was because it occasionally happened that while the collector was offering a certain property at the tax sale, the owner might be making his last minute payment of taxes for the purpose of keeping the property out of the tax sale list.

"There is always a rush during the last few days of tax collections and it is practically impossible for the staff to keep a perfect check in respect of all situations of this kind as they arise. It is therefore considered important that the date of tax sale should be set at such a date as will permit of all tax payments being accurately checked before properties are included in the tax sale list. It also has the advantage of giving delinquent property owners a little further time in which to redeem their lands," Mr. Pringle declared.

Mr. Pringle said the Municipal Act provided that the authority for corporation agents for voting at a municipal election might be filed with the clerk of the municipality up to November 30 in each year, but pursuant to Section 11 of the Victoria City Act, 1921, the city's voters' list must be closed on October 31 in each year. It was important and most reasonable, he stated, that all such authorities should be filed not later than the last mentioned date in order to avoid the necessity of the returning officer maintaining a supplementary list of those authorities that may be received between the close of the voters' list and November 30. The council was seeking this change by a clause in the Victoria City private bill.

MONEY BY-LAWS

The speaker told the committee that pursuant to the provisions of Section 13 of the Victoria City Act, 1921, the hours of polling for the election of mayor, aldermen, school trustees and police commissioners are from 9 a.m. to 7 p.m., whereas the hours set by the Municipal Act for taking the poll of the electors on money by-laws are from 8 a.m. to 8 p.m. The council asked in the private bill that the hours in respect of money by-laws be the same as in regard to general municipal elections in the city, namely, from 9 a.m. to 7 p.m.

TRADES LICENCES

Under the provisions of the Victoria City Act, 1920, the holder of a trades licence was, Mr. Pringle explained, required to have his road tax paid for the current year before his name could be placed on the voters' list prepared in that year. In view of the fact that the road tax by-law imposes the liability for payment of the road tax upon those not paying land taxes and adequate penalties for failure to pay, it was looked upon as a wholly unnecessary requirement, and, in fact, a nuisance, to require licence holders already paying heavy licence fees to pay the municipal road tax fee of \$2 before permitting their names to appear on the voters' list. The council requested that such sections of that act dealing with the matter be repealed.

All the above clauses in the Victoria City private bill were separately dealt with by the committee, which expressed approval of them.

Catarrhal Deafness and Head Noises

TELLS SAFE, SIMPLE WAY TO TREAT AND RELIEVE AT HOME

If you have catarrhal deafness or head noises caused by catarrh, or if you are troubled with chronic sinusitis, catarrh of the stomach or bowels, you will be glad to know that their distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily give in your own home at little cost. Secure from your druggist 1 ounce of Parmit (double strength). Take this home and add to it 1/4 pint of hot water and a little cracked wheat, stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headache, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loosening of the bowels, defective breathing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent of all ear troubles are caused by catarrh, and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment. (Adv.)

Why Mothers Grow Old

By J. H. Strickland

Why do mothers grow old? It is not because they are old, but because they are tired. They are tired because they are doing too much for their children. They are tired because they are not getting enough rest. They are tired because they are not getting enough sleep. They are tired because they are not getting enough food. They are tired because they are not getting enough exercise. They are tired because they are not getting enough love. They are tired because they are not getting enough respect. They are tired because they are not getting enough appreciation. They are tired because they are not getting enough gratitude. They are tired because they are not getting enough praise. They are tired because they are not getting enough thanks. They are tired because they are not getting enough honor. They are tired because they are not getting enough glory. They are tired because they are not getting enough fame. They are tired because they are not getting enough wealth. They are tired because they are not getting enough power. They are tired because they are not getting enough influence. They are tired because they are not getting enough respect. They are tired because they are not getting enough appreciation. They are tired because they are not getting enough gratitude. They are tired because they are not getting enough praise. They are tired because they are not getting enough thanks. They are tired because they are not getting enough honor. They are tired because they are not getting enough glory. They are tired because they are not getting enough fame. They are tired because they are not getting enough wealth. They are tired because they are not getting enough power. They are tired because they are not getting enough influence. They are tired because they are not getting enough respect. They are tired because they are not getting enough appreciation. They are tired because they are not getting enough gratitude. They are tired because they are not getting enough praise. They are tired because they are not getting enough thanks. They are tired because they are not getting enough honor. They are tired because they are not getting enough glory. They are tired because they are not getting enough fame. They are tired because they are not getting enough wealth. They are tired because they are not getting enough power. They are tired because they are not getting enough influence. They are tired because they are not getting enough respect. They are tired because they are not getting enough appreciation. They are tired because they are not getting enough gratitude. They are tired because they are not getting enough praise. They are tired because they are not getting enough thanks. They are tired because they are not getting enough honor. They are tired because they are not getting enough glory. They are tired because they are not getting enough fame. They are tired because they are not getting enough wealth. They are tired because they are not getting enough power. They are tired because they are not getting enough influence. They are tired because they are not getting enough respect. They are tired because they are not getting enough appreciation. They are tired because they are not getting enough gratitude. They are tired because they are not getting enough praise. They are tired because they are not getting enough thanks. They are tired because they are not getting enough honor. They are tired because they are not getting enough glory. They are tired because they are not getting enough fame. They are tired because they are not getting enough wealth. They are tired because they are not getting enough power. They are tired because they are not getting enough influence. They are tired because they are not getting enough respect. They are tired because they are not getting enough appreciation. They are tired because they are not getting enough gratitude. They are tired because they are not getting enough praise. They are tired because they are not getting enough thanks. They are tired because they are not getting enough honor. They are tired because they are not getting enough glory. They are tired because they are not getting enough fame. They are tired because they are not getting enough wealth. They are tired because they are not getting enough power. They are tired because they are not getting enough influence. They are tired because they are not getting enough respect. They are tired because they are not getting enough appreciation. They are tired because they are not getting enough gratitude. They are tired because they are not getting enough praise. They are tired because they are not getting enough thanks. They are tired because they are not getting enough honor. They are tired because they are not getting enough glory. They are tired because they are not getting enough fame. They are tired because they are not getting enough wealth. They are tired because they are not getting enough power. They are tired because they are not getting enough influence. They are tired because they are not getting enough respect. They are tired because they are not getting enough appreciation. They are tired because they are not getting enough gratitude. They are tired because they are not getting enough praise. They are tired because they are not getting enough thanks. Grasshopper Pest Subject of Measure

Attempt at abatement of the grasshopper pest in the interior of the province is provided for in the Grasshopper Control Act, introduced by Hon. William Atkinson, Minister of Agriculture, into the Legislature.

The measure has already received the endorsement of the agricultural committee and has been recommended to the Legislature. It provides for the constitution of grasshopper control committees in areas from which petitions have been received for enforcement of the act. Such petitions must in each instance be signed by owners representing, in the aggregate, not less than 60 per cent of the total acreage of land in the proposed control area.

Funds for the expenditures of the committees are to be provided by assessment of the lands within the control areas, both rural and municipal.

The provisions of the act are somewhat similar to those contained in the Codling Moth Control Act, which has been in operation for some years in the fruitgrowing districts of the interior.

Directors of Chamber Are to Convene Today

The regular luncheon meeting of the board of directors of the Victoria Chamber of Commerce will be held in the cafe of the chamber today at 12:10 noon, when much interesting business will be discussed.

MAN FALLS TO SIDEWALK BUT ESCAPES DEATH

Mr. A. L. Stevenson Drops From Third Story Window of Central Building While at Work

SERIOUS INJURIES SUSTAINED IN FALL

When he fell from a third story window of the Central Building, View Street, to the concrete sidewalk some forty feet below, Mr. Arthur Leonard Stevenson, janitor, miraculously escaped death yesterday morning. The accident occurred when he was cleaning windows and lost his grip. A pelvis fractured in three different locations, a broken wrist, arm and nose are the injuries he sustained in the fall.

The injured man was taken in the police ambulance to St. Joseph's Hospital, where Dr. E. L. McNiven attended him. The attending physician stated last night that, although the injuries are not expected to be fatal, Mr. Stevenson would be confined to his bed for some months. Although no one actually saw the unfortunate man slip from the third story window at which he was working, the flight of his body through the air was noticed, and the sound as he hit the sidewalk was heard some distance away.

In a very short time a large crowd of people gathered around the unfortunate man and marveled at his escape from death. When the police arrived on the scene Dr. McNiven was rendering first aid. Residing at 1031 Pandora Avenue, Mr. Stevenson has been janitor of the building for the last five months. As far as can be ascertained, he never used a belt or other safeguard while going through the routine duty of cleaning the windows. Occupant of the office from which he fell was unaware of the accident until their attention was attracted by the commotion on the sidewalk below.

Obituary

MURISSET—The funeral of Mrs. Rose Muriest took place from Hayward's B.C. Funeral Chapel yesterday afternoon, Rev. H. P. S. Luttrell officiating in the presence of many friends. The hymn sung was "Jesus, Lover of My Soul." Numerous beautiful floral designs were received and placed on the casket and hearse. The pallbearers were Messrs. C. W. Geiger, W. B. North, A. E. Hasenfratz and C. Wenger. The remains were laid to rest in Royal Oak Burial Park.

RICHARDS—The remains of Richard Richards left Hayward's B.C. Funeral Chapel yesterday morning at 10:30 o'clock and were interred in Royal Oak Burial Park. The pallbearers were Messrs. S. J. Clark, H. K. D. Heming, J. L. Bell, H. A. Moore, James Adam and G. W. Parsons.

COOPER—Charles Cooper, a resident of Victoria for thirty years, passed away yesterday morning at St. Joseph's Hospital, aged ninety-three years. He was born in Hertfordshire, England. He resided at 119 Superior Street. He is survived by eight sons, H. C. Cooper, T. Cooper, Charles Cooper, Jr., G. Cooper, W. Cooper, Harold Cooper and H. T. Cooper, all of Victoria; Percy, at New Westminster; one daughter, Mrs. J. Christian, Oakland, Cal., and twelve grandchildren. The funeral will be held from Sands Funeral Chapel Monday at 2 o'clock, Rev. Hugh Nixon officiating. Interment will be made in Ross Bay Cemetery.

MORE—Funeral service for James Robert Branks More will be held on Saturday at 2 o'clock from the Sands Funeral Chapel, Canon A. E. de L. Nunna officiating. Interment will be made at Royal Oak Burial Park.

JOHN—The funeral of Edward Richard John will take place this afternoon at 2:30 o'clock from McCall Bros' Funeral Home. Interment will be made in Royal Oak Burial Park.

WHEN the Federal Parliament opened this month there were eight new faces in the House of Commons. Above are two new members: Left to right, Vincent Dupuis, M.P. for Laprairie-Naperville, Que., and Dr. William Spankie, member for Frontenac-Addington, Ont.

ASK DRASTIC RULES TO SAVE HALIBUT

Continued Decline in Yield Must Be Stopped by New and More Adequate Regulations

(Associated Press)
WASHINGTON, Feb. 27.—New and more adequate regulations must be adopted to halt the continued decline of the halibut yield in the Northern Pacific, Assistant Secretary of War Wilbur J. Carr declared in a statement to the House appropriation committee, it was revealed today.

The statement explained why the State Department regards it as necessary for Congress to set aside \$36,500 every year for the country's share in maintaining the International Fisheries Commission.

More reasonable powers for the collection of statistical information must be granted the commission if the observation of the fishery is to be continued as carefully as the terms of the treaty required, said the statement.

Mr. Carr reminded the committee that the halibut fishery is the only important deep sea fishing on the Northern Pacific, and the catch is estimated to be worth \$7,000,000 annually. He pointed out that work of the commission has been hampered by lack of authority to collect complete statistics.

Skilled male textile operatives in Germany now receive 19.7 cents an hour.

Marketing Act To Be Amended By Legislature

NOTICE of motion appears on the order paper of the House for Monday forenoon for amendment of the Produce Marketing Act at this session.

Reporting for the agricultural committee, Colonel Lister yesterday told the Legislature that amendments were being submitted for the consideration of the House.

OAK BAY COUNCIL PASSES ESTIMATES

Last night the Oak Bay Council approved the 1930 estimate of the board of school trustees. This provided for \$98,422 ordinary expenses, and for \$2,500 extraordinary expenses.

It was further decided by the council that a grant of \$100 should be made to the Victoria Musical Festival Association; and a suggestion that the name of Mitchell Street should be changed, which was signed by ten ratepayers, was referred to the streets committee.

YOUNG PEOPLE BENEFITED BY ROTARY CLUBS

Members of Legislature Describe Special Activities in Their Home Communities

WORK OF GUIDING BOYS IMPORTANT

Three Rotarian members of the Legislature interested local fellow clubmen at the weekly luncheon at the Empress Hotel yesterday with accounts of their home town activities in Rotary.

Mr. W. F. Kennedy, of Vernon, told of the attention given by the Vernon club to the directing of youth between the ages of sixteen and twenty. Much had been done in providing beneficial interest among the younger boys of the community by promoting, among other things, a series of volleyball leagues, which were having the effect of keeping them from congregating in the pool rooms at night.

While the Cranbrook club was only a small body, Mr. F. M. A. McPherson said his club was doing good work for the community. He also spoke of the difficulty experienced in guiding boys between the ages of sixteen and twenty.

Dr. L. E. Borden, of Nelson, stated that the Nelson club was particularly active in aiding and securing treatment for crippled children and, in some cases, provided financial assistance for injured children.

Prior to the delivery of the talks by Messrs. Kennedy, McPherson and Dr. Borden, Mr. H. Pendray announced a debate to be held between the Rotarian "Spellbinders" and the Effective Speaking Group of the Chamber of Commerce on the subject, "Resolved That Party Government is a Failure."

Mr. A. Carmichael thanked the speakers, who were introduced by Mr. R. W. Mayhew. Other guests present were Hon. J. W. Jones, Speaker of the House, and Mr. George S. Pearson, M.P.P., Nanaimo.

NOT IN WAR
NEW YORK, Feb. 27.—Mr. John D. Rockefeller, Jr., today issued a statement denying reports that his father was directing an "oil trade war."

PROVISIONS OF NEW ACT EXPLAINED

Deputy Minister of Labor Tells Building Trades' Council About Apprentices

"HARD TO ACQUIRE A TRADE THESE DAYS"

"The old system of apprenticeship has died out, and it is very difficult under present conditions for a boy to thoroughly master a trade," said Deputy Minister of Labor J. D. McNeven, addressing a meeting of the Victoria building trades in Labor Hall last evening on the provisions of the Apprentices Act, which is a measure to come before the Legislature later on this session. "It is now an age of specialization, although industry is beginning to feel the want of a wider scope," continued the speaker.

Explaining that the Apprentices Act was a measure to encourage and stimulate the growth of the apprenticeship system, not only in the building trades but in all where apprenticeship was practiced, Mr. McNeven stated that the bill had not been finally drafted, and was open for, and probably would be amended. It had been modeled on the apprentice act operating in Ontario, which, after a year's trial, was proving satisfactory. British Columbia proposed that all trades coming under its provisions should do so by voluntary petition of a majority or reasonable number of employers in any particular trade, when the minister would have power to make an order-in-council bringing all employers throughout the province in such trade under its operation. It provided for the appointment of a provincial apprenticeship committee, comprising an equal number of employers and employees, with an independent chairman. The chief duty of this committee would be to keep the minister informed on what was being done and the extent to which the act was being observed. Any recommendations made by the committee with improving the act, or otherwise would be dealt with by order-in-council.

WORKED IN VANCOUVER

An apprenticeship council had been in existence in Vancouver for several years and had proved workable. It was owing to representations from the Vancouver body that the present bill was drafted. The Vancouver organization had been maintained by private contributions and was now asking the Government to relieve it of the responsibility of maintaining the Vancouver council were Carpenters, painters, plasterers, sheet metal workers and woodworkers in the building trades. These particular trades were the only ones being considered in the present bill, but as others applied they would be added to the schedule of the act. There was nothing compulsory in connection with the Apprentices Act, except that the minority in any trade would have to fall in line with the majority wish.

The act provides that a youth under fifteen years of age shall not be employed in any of the designated trades. A youth over sixteen can be employed for a period of three months only, when he must be indentured as an apprentice for not less than two years, and may be for as much as five years, the time to be determined by the provincial committee. A contract must be signed by the employer, the apprentice and the parent or guardian, the employer agreeing to keep the apprentice permanently employed at a certain wage, must send the boy to school during two months of the first two years of his apprenticeship, give him a technical education on

holding the torch high today when we permit the women of this country in all the different cities throughout Canada to put on tag day and to allow them to bring comfort to our returned men? Is that holding high the torch? That should apply to us equally well as it would to all the citizens of our Dominion.

"I am in favor of the amendment. I hope and trust the members of this House will take action and give the lead to the committee which they appoint so that it will know we want to be generous with the returned men of this country."

Mr. D. B. Plunkett Takes

Up Cause of Veterans in

Debate in Commons House

Continued from Page 1

of Canada expected to treat the men when they came home.

WHAT IS HAPPENING?

"What is happening today in many of our cities? The women of this country are still taking care of many of the returned men through their societies and auxiliaries. They are endeavoring to give them the comfort which the Government, and we, the members of this House of Commons, should legislate to see that they get.

"I do not blame the pension board. I hold the honorable members of this House responsible. We are the ones who make the laws, and if the pension board does not give us what we should claim the law with respect to the pension board so that it will bring comfort to the returned men. It was not long ago that we spoke of our duty as members.

"There is not a member in the House who does not say it is not a political issue. Then why do we not adopt this amendment and give evidence to the pension board and to the committee that will be appointed by this House that they have our entire sympathy in enlarging this law?

MISTAKE OF PAST

"That is all that is necessary for us to do. Not long ago a resolution was brought forward in the House. I believe it was in 1927, and perhaps it would have been better had we adopted that resolution. Let us not make another mistake such as that. And are we doing our duty in another way? May I quote this from 'In Flanders Field':

"To you from falling hands we throw the torch.

"Thy yours to hold it high."

"Honorable members of this House, that applies to us. Are we

Ripple Rock to Supply Theme for Early Discussion

A LARGELY signed petition has been presented to Mayor Ansonby asking him to call a public meeting with regard to the Ripple Rock situation.

It is improbable such a meeting will be held before the second week of March; meanwhile, the question will come before the Chamber of Commerce directors today at the luncheon meeting. Navigators are asking to have the rock removed as a menace to navigation in Seymour Narrows. Objection is taken that the rock is the natural base for a bridge pier when railway communication is established between Vancouver Island and the Mainland.

The job and at night schools, at his employer's expense, with deductions, and, in the case of rural districts, must provide correspondence school courses.

SPECIFIED NUMBER

The act specifies the number of apprentices allowable at a stipulated number of journeymen in each trade, the wages of the apprentices to appreciate every six months, instead of the one-year period ruling in Ontario.

Mr. McNeven's talk was responsible for numerous questions, which he answered to the satisfaction of the delegates present, and he was tendered a vote of thanks for the thorough manner in which he explained the features of the proposed act.

Continued from Page 1

was raised by Mr. T. D. Pattullo, Leader of the Opposition, who said the matter was one of importance and should receive considerable thought before definite action was taken. He considered the bus franchise matter should be debated in the House.

MOTION TO REFER BACK

Mr. Reginald Hayward, M.P.P., Victoria, who sponsored the Oak Bay Blue Line Franchise Bill, gave notice that on Monday next he would move a resolution in connection with the report of the private bills committee on the franchise issue be referred back to the committee for further consideration. He said he had some new evidence to place before the committee.

Notice of motion has also been given by Mr. Davie, chairman of the committee, that he will on Monday move that the committee's report on the franchise bill be adopted.

Polling Ended In Tie, Without Casting Vote

An unusual feature has developed with regard to the first election of commissioners for the village municipality of Williams Lake. Three commissioners were to be selected. The poll was held in a tie for third place. There was no provision to break the tie.

Authority has been given by order-in-council to the two commissioners chosen to conduct a by-election for the third place, thereby settling the dispute.

A recital of piano, vocal and toy symphony numbers will be held in Hollywood Hall, Poul Bay, on Saturday at 8 o'clock. Mr. James Petrie, who will act as chairman, will render a group of songs.

INQUEST WILL BE HELD TODAY

NO NEW DEVELOPMENTS REPORTED IN HILLIERS SHOOTING CASE

Police From Headquarters Pursuing Investigation at Scene of Tragedy

NANAIMO, Feb. 27.—There have been no new developments in the Hilliers shooting, as a result of which Archie Hamilton came to his death, and Peter Smith is held by the police as a material witness. Reinforced by policemen from Victoria headquarters, including Staff-Sergeant Owens and Constables J. F. Bailey and S. Cline, were taken, and a thorough investigation of the house and a detailed search of the ground immediately adjacent were made. The results of these investigations will be revealed at the inquest, which will be on Friday.

City & District

Building Permit—A contract has been awarded to Mr. D. H. Hale for a five-roomed stucco residence for Mr. and Mrs. Antonio Rego, to be built on Balfour Avenue.

Bank Clearings—Clearings for the week ending yesterday at the Victoria Clearing House were \$2,110,972, as compared with \$2,423,293 in the corresponding week of 1929.

Approve Signals—The Hiker mechanical traffic signal for motor vehicles has been approved by the Department of Public Works, and will be authorized to be used on the highways of the province.

Receives Honor—Mr. Percy Fox has received notice that he has been elected to a fellowship in the Royal Architectural Institute of Canada. He has been in practice here for the past eighteen years.

Permit Granted—The Zoning Board of Appeal yesterday granted permission to St. John's Church for the erection of the proposed gymnasium, auditorium and men's club at the corner of Quadra and Mason Streets.

Fires in Saanich—Two grass fires in Saanich yesterday afternoon were extinguished by the municipal fire fighting apparatus without any damage resulting. The first was at Burnside Road at 1:55 o'clock, and the other at Saanich Road and Calumet Avenue at 4:15 o'clock.

Park Boundaries—An order-in-council passed at Ottawa makes a revision of the boundaries of two Dominion parks, that of the Yoho Park, and of the Glacier Park. The new limits are made to take advantage, as far as possible, of natural boundaries.

Ward Three By-Election—In view of the nomination for Ward Three, Saanich, for the council seat vacant by the death of Councillor G. F. Watson, having been set for March 5, the Ward Three Ratepayers' Association has called a meeting at Gordon Head Hall tomorrow evening to nominate a candidate.

Forthcoming Convention—Arrangements for the Great West Life Assurance Company's convention here next week were completed at the Empress Hotel yesterday. The party will arrive by special boat Tuesday morning, and immediately go into conference. The meeting will last until Wednesday evening. Nearly 200 delegates are expected.

To Serve on Boards—The following appointments have been made by the Government to hospital boards in the province: Mr. Thomas S. Morton, of Enderby, to be an official member of the board of management of the Enderby General Hospital, Enderby; and Mr. William Joseph Smith, of Armstrong, to be an official member of the board of management of the Armstrong Hospital, Armstrong.

Creameries Bill—In the House yesterday afternoon, in adjourned session, the bill to amend the Creameries and Dairies Regulation Act, the leader of the Opposition, Mr. T. D. Pattullo, introduced an amendment to have the powers proposed to be exercised by the Minister of Agriculture, granted only after approval of the Lieutenant-Governor in Council. Hon. W. Atkinson was agreeable, as he said, he was not anxious to take any more responsibility than necessary.

INQUEST WILL BE HELD TODAY

NO NEW DEVELOPMENTS REPORTED IN HILLIERS SHOOTING CASE

Police From Headquarters Pursuing Investigation at Scene of Tragedy

NANAIMO, Feb. 27.—There have been no new developments in the Hilliers shooting, as a result of which Archie Hamilton came to his death, and Peter Smith is held by the police as a material witness. Reinforced by policemen from Victoria headquarters, including Staff-Sergeant Owens and Constables J. F. Bailey and S. Cline, were taken, and a thorough investigation of the house and a detailed search of the ground immediately adjacent were made. The results of these investigations will be revealed at the inquest, which will be on Friday.

Announcements

Look well in your mirror—Is your face all that you could desire? Perhaps not, but it may be that some disfigurements could be removed, but not by wishing alone. You must act. The longer the delay, the worse the condition becomes. Consult Miss Haiman, 503 Bayward Bldg.

Your wedding requires the best in printing for your announcements, invitations, etc. Let us show you samples of our work at reasonable prices. The Colonist Job Printing Department, Phone 197.

COLLEGE HAS VALUE TO BOY

Prof. P. H. Elliott, Principal of Victoria College, Addresses Sons of Canada on Its Advantages

DEGREES VALUABLE EVEN IN BUSINESS

An address by Professor P. H. Elliott, principal of Victoria College, was the feature of a special interest at a dinner held at Carson's Cafe last evening by the Victoria Assembly of the Sons of Canada. Col. D. McGugan occupied the chair, and about thirty-five guests were present.

By special request Professor Elliott spoke on the subject "Why a Boy Should Go to College."

"Education is expensive, directly and indirectly, so that any boy who shows a lack of interest in his study or who is lazy or who shows intellectual limitations should not go to college. Education does not create ability. That is determined by the boy's inheritance. Education merely stimulates latent interests and powers as the sun and rain cause the plant to appear from the seed. But they cannot draw out anything which is not already in embryo," said the speaker in approaching his argument.

INCREASED REQUIREMENTS

Assuming that a boy showed interest and ability in study, what, asked the speaker, could college do for him. It was a necessary preliminary to many professions, most of which had of late years advanced the preliminary requirements. In this connection Professor Elliott cited law, medicine, applied science and the ministry. In British Columbia a full arts degree was required before a boy could proceed to the study of law. The tendency was the same in medicine and applied science.

The arts degree was a decided advantage in many business careers. Business competition was now every nation's experience, and Canada, to hold her own, must develop to the limit her most important natural resource, viz., the brains of the people. Professor Elliott noted that Germany, before the war, was rapidly overtaking both Great Britain and the United States in world business. Germany had always been poor in natural resources, but she owed her rapid advance to the highly efficient German education.

Another point made by the speaker was that advanced study was really necessary to efficient citizenship. The world was becoming more complex; the problems more difficult and pressing than ever before. It required advanced training to deal with these problems. A rise in the general level of education was necessary before people on the whole would follow efficient leadership in such matters. Education commanded to have the power proposed to be exercised by the Minister of Agriculture, granted only after approval of the Lieutenant-Governor in Council. Hon. W. Atkinson was agreeable, as he said, he was not anxious to take any more responsibility than necessary.

Varied Activities of Women

B.C. ARTISTS TO SHOW WORK

Exhibition of Pictures by Artists of Province Being Held at Vancouver, Beginning March 20

With the object of fostering and encouraging British Columbia art and artists, an exhibition of work solely by artists resident in the province will be held at Messrs. David Spencer's Vancouver store during the week beginning March 20.

To date intimation has been received which indicate that between 600 and 800 pictures will be shown. In addition to this will be a special exhibit by students of the Vancouver School of Decorative and Applied Arts, and a collection of photographs taken by members of the Alpine Club and for the National Parks Branch of the Department of the Interior, Ottawa.

In connection with the exhibition there will be a bid-sale section at which any artist may submit one or all of his works, with a reasonable reserve price placed on the picture. The public will be encouraged to make an offer for any picture in this section and, providing the bid reaches the reserve price, the picture will go to the highest bidder.

The exhibition will be free to the public and it is expected that many thousands will attend. A special elevator service will be arranged.

The exhibition will be open to artists who are bona fide residents of British Columbia and is limited to those over sixteen years of age, who habitually sell their works, though not necessarily exclusively engaged in painting as a profession. The number of pictures is limited to six by each artist and may be in one or various mediums. All correspondence and exhibits are to be addressed to British Columbia Art Exhibition, Department 47, David Spencer Ltd., Vancouver.

Dance to Be Held

The committee of the Progressive Thought Temple announces that a dance is to be held on March 7 in the Amphion Hall, Yates Street, particulars of which will be found in the Temple bulletin.

CARNE REBEKAH LODGE
Members of Carne Rebekah Lodge No. 45, I.O.O.F., will hold a social at the Odd Fellows' Hall, Douglas Street, tonight at 9 o'clock. After a brief business session, friends of the order will be welcomed. The programme will consist of dancing, cards and prizes, after which refreshments will be served.

TODAY'S RECIPE

BROWNIES—Half a cup of sugar, two eggs, one cup of flour, two squares of Baker's chocolate, one small cup of walnuts. Cream the butter and sugar, add the beaten eggs, the melted chocolate and flour, and lastly the nuts. Spread in a greased tin and bake in a fairly hot oven until nicely browned. Let cool a few minutes, cut in squares in the pan and roll in powdered sugar.

—Prudence.

L'Alliance Francaise

The fortnightly meeting of L'Alliance Francaise was held at 1501 Laurel Lane on Wednesday afternoon with Mrs. H. Archibald in the chair, in the absence of the president, Madame Halet. The report of the bridge party at the home of Mr. and Mrs. Schramm was entirely satisfactory. The afternoon was spent in discussing various ancient and modern superstitions, members contributing most interesting stories of the origins of strange beliefs in countries they had visited. L'Alliance will meet again on March 12, and it was announced that a lecture will be given in Victoria College on the evening of March 15, when Mrs. H. Archibald will address members, students and lovers of the French language on a subject to be announced later. Details may be obtained by telephoning the secretary, Mrs. Hamilton-Smith, 6274 R.R.

Anniversary Supper

In connection with the fourth anniversary of the Oak Bay United Church, a supper will be served in the schoolroom at six o'clock, Monday, March 3, by the Women's Association. The ladies are making this a real get-together church night, where the church family and a host of friends will talk together over old times.

The evening feature on Monday will be a treat of music and travel talk. Dr. W. G. Wilson, of First Church, will speak upon his recent travels in Europe. Mr. E. Semple will conduct a large violin ensemble in instrumental music. Miss Lillian Jones and Mr. Chris Miller will sing. Rev. James Hood will bring Presbytery greetings.

Mrs. O'Brien (concluding the argument)—Every time I look at you, Mrs. Higgins, I feel I'm doing the Government out of Entertainment Tax.

Clubs and Societies

Jubilee Hospital W.A.

The monthly meeting of the Women's Auxiliary to the Jubilee Hospital was held on Wednesday at the nurses' home, Mrs. J. J. Collison in the chair. A letter from Dr. Pearce was read thanking the members for their splendid work in furnishing the large reception room of the new home. A standing vote of sympathy was passed to Mrs. Unbach in her recent bereavement. Mrs. Crisp reported that a great deal of sewing had been done by members of the senior and junior W.A. The sum of \$25 was voted towards supplying dressing gowns for the medical ward and more dishes will be bought for the new nurses' home. Miss Mitchell asked for two dozen new cot blankets and one card table. Arrangements were made for the tag day on April 5. A standing vote of thanks was passed to Mrs. Rhodes and Miss Mitchell for their work in connection with the home and the disposing of the car. The membership convenor deposited the sum of \$33.56 to the credit of the society.

St. John's A.Y.F.A.

The Anglican Young People's Association of St. John's will give an entertainment, including a play, entitled "Back to the Country Store," on Monday evening. The proceeds will be for the New Parish Hall Fund, and the young people expect a large attendance to assist their efforts in this direction. On Tuesday evening there will be a parish "at home" given under the auspices of the Women's Auxiliary, to which all members of the congregation are cordially invited. There will be no charge for admission and no collection, as it is simply a social event, given with a view of having the members of the congregation know each other better. A good programme will be given, and refreshments served by members of the W.A.

Navy League Auxiliary

The Women's Auxiliary of the Navy League of Canada, Victoria Branch, will meet in Room 314, Pemberton Building, today at 2:30 o'clock. All members are urged to attend, as the work for the coming year is to be planned.

Malapina Chapter

Last evening the members of the Malapina Chapter, I.O.D.E., were housed at a successful bridge party held in the Masonic Hall. Miss Norene Dunn and Miss Pat McGregor, assisted by the regent, Gladys Hindmarsh, received the many guests. Capable committee.

Add Substantial Sum To Boy Scouts' Fund

A silver tea, held in aid of the Boy Scouts' Association building fund at the home of Commissioner H. T. Ravenhill and the Misses Ravenhill on Wednesday afternoon, proved an outstanding success, both socially and financially. Mrs. Reece Burns, who was to have assisted with the programme, was unavoidably absent, through illness.

Throughout the afternoon the rooms were thronged with visitors, and the substantial sum of \$110 was realized for the fund. On view were the silver silver, presented to the commissioner by the local Boy Scout Association, the fountain pen and pencil given by the Ladies' Auxiliary and the oyster wrist watch subscribed for by all the scoutmasters, cubmasters, Scouts and Cubs of the Victoria division, as well as Sidney Sanich, Duncan and Quamichan. The illuminated list of subscribers to the watch, designed and executed by Assistant Scoutmaster Mackenzie, was much admired.

Prominent amongst those contributing to the success of the afternoon were Mrs. Bissell, Mrs. Pope, Mrs. D. M. Baillie, Mrs. Beveridge, Mrs. Shaw, Mrs. T. Hebdon Gillespie, Assistant District Commissioner Hilliard, Akela Duncan and Ann Sherwood and Miss Dorothy Allen. Mrs. R. D. Harvey worked hard at the up-coming.

Amongst those present were: Mrs. Tolmie and Miss Carol Tolmie, Lady (Percy) Lake, Lady (Richard) Lake, Miss Quinlan, Mrs. Greenway, Mrs. MacNaughton and party, Mrs. J. Harper, Mr. and Mrs. Brodie Sanders, Mr. and Mrs. C. Hensley, Mrs. P. R. Leighton, Mrs. Frank Holland, Mrs. Jardine, Mrs. Rotherham, Mrs. Healey Kerr, Mr. and Mrs. Harry Bird, Mrs. Heintz, Mrs. Butterfield, Mrs. Merritt, Mrs. Lucas, Mrs. Gornall, Mrs. Moon, Mrs. Robinson, Mrs. Aspinall, Miss Amy Angus, Miss Wigley, Miss Ashworth, Canon Stocken, Major Wise, Mr. Hew Paterson, Mr. Daynes, Scoutmaster of 2nd Prince Albert Troop, Sask., and many others.

HELP FOUNDATION FUND
In connection with the annual meeting of the Provincial Council of Women, held on Wednesday at the Y.W.C.A., Mrs. Paul Smith, of Vancouver, the president, in the results of their efforts on behalf of the National Council Foundation Fund as follows: Vancouver, \$5,700; Victoria, \$1,500; New Westminster, \$500; Nanaimo and Chilliwack had completed their collections. In the report of the meeting published yesterday in The Colonist the sums were credited erroneously to the economic chair endowment fund.

Women's Institutes of Vancouver Island

SOUTH SAANICH

The South Saanich Women's Institute held its regular fortnightly card party in the rooms, Temperance Hall, on Saturday evening, when ten tables of players were occupied in the game of military 500. Two tables were used with twenty-five discs for high honors, and on the play-off first prizes went to Mrs. J. Roberts, Miss A. Syman, Mr. Lacoursiere and Mrs. McNally, while second prizes went to Mrs. H. Lawrie, Mrs. F. Mitchell, Mr. Creed and Mr. F. Mitchell. Supper was served during the evening and a social time enjoyed. On the committee in charge were Mesdames Crooks, Malcom, Spooner and Mosher. The next game will be held on Saturday evening, March 8.

AGED MEN ENJOY CONCERT AT HOME

A most enjoyable concert was given at the Aged Men's Home on Wednesday evening by Legionnaires of Branch Legion No. 53, Loyal Order of Moose, and the ladies of the Women of Mooseheart Legion, Chapter 25. About fifty entertainers took part in the programme, which proved a great delight to the listeners and included a piano solo by Miss Moore; a song by Mr. F. W. Spouse; a step dance by Miss Mae Muir and Miss Dorothy Holt; a duet by Miss Moore and Mrs. De Gruchy; the dance by Miss R. Norton; song by Miss D. Rutledge; dance by Misses L. Laird and B. Allen; song by Mr. A. Jackson and a song by Miss Bennett. Mr. Spouse told of the community at Moosehaven, Jacksonville, Fla., where about one hundred and fifty aged folk were living in contentment. Community singing was enjoyed by the entertainers and the men and old favorites were revived in which the men joined heartily. Mr. and Mrs. George Havard, on behalf of the old gentlemen, thanked the visitors for their kindness in providing so enjoyable an entertainment and supper brought the evening to a close.

Fashion Fancies

By Marie Belmont

"IT'S A HONEY"

A fitting coat will bring forth that exclamation for more reasons than one. It lines up with the new mode with detailed precision, and—it is fashioned of honey-beige suede cloth. Bands of black galyak are used to suit the most fastidious taste. They trim the neckline and the sleeves above the wrist in the latest approved manner. In the narrow ruffled banding of fur on the skirt there is even an indication of the pepum that all new models are considering important. It is belted and buttoned so cleverly at the waist that it gives the appearance of a dress, which gives a double reason for enthusiasm.

Latest VICTOR Radio Model Surpasses All Expectations

Victor Micro-Synchronous Radio-Electro RE-45

Victor Micro-Synchronous Radio-Electro RE-46

"Thrilling music from Air or Records in one Superb Instrument."

WHEN Victor discovered and perfected the micro-synchronous principle in radio, hundreds of thousands acclaimed it as the realization of true radio satisfaction. Those essentials of radio enjoyment — tone, selectivity, sensitivity, power and dependable performance — became reality in one instrument at last... each at the maximum... each in perfect proportion.

Now, Victor Dealers are offering all the features which have made for Victor Radio a place apart in reception standards... in this beautiful new console. Truly, a radio unrivalled at any price.

Any Victor Dealer will deliver Victor Micro-Synchronous Radio, R-34, at once on Convenient Terms. While, of course, Victor Radio-Electro — finest of all musical instruments — may be had in two luxurious models, RE-45 and RE-46. And remember, the famous Victor trademark is the greatest protection a radio owner can have.

Shower For Bride-to-Be
Mrs. A. L. MacKenzie entertained at tea at her home on Heath Drive on Wednesday afternoon in honor of Miss Jean MacKenzie, who is to be married shortly. A cup and saucer and plate shower was also given during the afternoon for the bride-to-be, the many beautiful gifts being concealed in a prettily decorated cup and saucer and presented by little Miss Joan Brodie. Mrs. Crawford contributed several vocal solos, which added to the afternoon's entertainment. The invited guests were Mrs. H. MacKenzie, Mrs. W. McLean, Mrs. H. Eve, Mrs. G. Jones, Mrs. R. Muford, Mrs. Bannister, Mrs. Hearn, Mrs. Steele, Mrs.

M. Crawford, Mrs. Maddigan, Mrs. Birkeland, Mrs. Parker, Mrs. Brodie and Mrs. Hawes.

Entertain Violinist
Members of the Ladies' Musical Club executive entertained at a delightfully-appointed luncheon at the Empress Hotel yesterday in honor of Miss Emily Benney Dow, violinist, who appeared in a recital the previous evening under the club auspices. In the absence of the president, Mrs. J. O. Cameron, Mrs. W. G. Wilson, the first vice-president, and Mrs. Richard Nash, convenor of the programme committee, were the principal hostesses, other members of the executive present being Mrs. G. Bucklin, Mrs. Porrett, Mrs. P. G. Aldous and Mrs. Curtis Sampson. Mrs. Dow, who accompanied her daughter from Seattle, was also a guest of honor at the luncheon.

Entertain Members' Wives
Mrs. F. P. Burden, Craigdarroch Road, entertained at tea yesterday afternoon when her guests were the wives of the Executive Council and members of the Legislative Assembly. The tea table was charmingly arranged with a bowl of mixed Spring flowers and tall yellow candles. Assisting with the refreshments were Mrs. E. C. Carson, the Misses Ethel and Margaret Loughheed, Miss Carol Tolmie, Miss Elvira Bruhn, Miss Anne MacKenzie, Miss Isabel MacKenzie, Miss Jean Galloway, Miss Peggy Parsons, Miss Mary Phillip and Miss Patricia Burden.

Duke of Newcastle's Daughter Wed

LADY DORIA PELHAM-CLINTON.

This is a recent portrait of Lady Doria Pelham-Clinton, the Duke of Newcastle's twenty-two-year-old daughter, who is to be married to the Hon. Frederick Childers, a former Indian army officer, a year or so ago. Lady Doria was born in the city of New York, and is a member of the New York department store to study new world conditions. Her father, who is one of England's wealthy men, visited Canada in 1928.

has left for Prince Rupert, to meet the members of the Great West Life Hundred Thousand Club, and returning with them to Victoria, where their convention will be held next week. Mr. and Mrs. Wilson will also journey to Stewart, B.C., to visit.

Entertain Friends
Mrs. Ridout entertained at tea at her home, Kingston Street, on Tuesday afternoon, when her guests included: Mrs. J. Daley, Mrs. J. Morton, Mrs. A. Ridout, Mrs. Johnson, Mrs. D. Spence, Mrs. E. Ridout, Mrs. J. Foster, Mrs. W. Daley, Mrs. C. Penderay, Miss Doreen Temple, Miss Elaine Penderay and Miss Thora Ridout.

Celebrates Birthday
Mr. D. Ferguson, of Chamberlain Street, celebrated his eighty-fifth birthday last Friday. Mr. Ferguson was born in St. Thomas, Ontario, where for many years he was collector of customs. His son, Mr. Kenneth Ferguson, is a trustee on the Victoria School Board.

Entertain for Visitor
Mrs. A. J. Gray, St. Patrick Street, entertained with two tables of bridge last evening in honor of Miss Beatrice Brown, of Regina, who is the guest of Miss Dorothy Scott, Woodlawn Crescent.

Back From California
Mr. and Mrs. George Phillips and Miss Betty Phillips, who have been spending several months in California, are expected home on Monday.

Bridge and Mah Jong Party
Mrs. E. O. Prior entertained with bridge and mah jong on Wednesday afternoon, additional guests arriving for tea. She entertained again yesterday afternoon with two tables of bridge and mah jong.

Leave for California
Mrs. C. Strangman and her niece, Miss May Goff, are leaving today for a month's visit in California.

Back From South
Captain and Mrs. J. W. Troup have returned from a trip to California.

PLAN WAFFLE SUPPER

On Shrove Tuesday, March 4, the Brotherhood of Grace Lutheran Church will hold their annual waffle supper. A musical programme is being arranged, which will begin at 8 o'clock.

SESSONAL BALL POPULAR EVENT

Many Tickets Being Sold for Season's Most Outstanding Social Function

The Seasonal Ball, to be held by the Victoria Conservative Association at the Empress on March 7, has aroused so much interest in advance and the support of the public promises to be so great that all indications point to this popular event being bigger and better than ever before. Immediately preceding the ball, which opens at nine o'clock, will be a dinner given for the members of the Government and the executive members of the association. The Liberal members of the Legislature will receive an invitation to the ball, which will also be open to the general public. The services of G. Orard's orchestra have been secured. Mr. Frank Mulliner will act as master of ceremonies, while the following ladies have consented to become official patronesses: Mrs. S. P. Tolmie, wife of Premier Tolmie; Mrs. R. H. Bruhn; Mrs. J. W. Jones; Mrs. W. A. MacKenzie; Mrs. R. L. Maitland; Mrs. R. H. Pooley; Mrs. P. Burden; Mrs. F. L. Howe; Mrs. J. Hinecliffe; Mrs. William Atkinson; and Miss Ethel Loughheed. Tickets to the ball may be secured from any one of the following sources: The Army & Navy Clothing Store; The Daily Colonist, Fletcher Bros., A. W. Jones, Ltd., Geo. Powell & Sons, Kirk Coal Co., E. B. Jones' Grocery, Sylvester Feed Co., and the Vancouver Drug Co. Tickets, \$1 each.

Japanese Anniversary Celebrated

By DOROTHY BULMER

(Special to The Colonist. Copyright, 1930.)
OTTAWA, Feb. 27.—From the skating rink to the Flowery Kingdom fit the merry joy seekers of the capital, and after the ever-popular skating parties held at Government House recently new forms of entertainment are in vogue.

Kigumetsu, the 2500th anniversary of the accession of the first Emperor of Japan was charmingly celebrated when, at the Chateau Laurier, the Japanese Minister, Hon. Iyemasa Tokugawa, held a reception and dance. The guests, who numbered more than three hundred, were received in the drawing-room by the Japanese Minister, assisted by Mr. Yoshio Iwate, the Japanese Consul-General, and Mrs. Iwate. Mrs. Iwate was daintily in a gown of black panne velvet, the skirt full and flowing, and forming a short train. Ministers from other lands, including Sir William Clark, who was accompanied by Lady Clark and Mrs. Frances Clark; Hon. Jean Knight, who was accompanied by his secretary, Mr. Henri Courcier; the Prime Minister, the members of the Cabinet and their wives, judges of the Supreme Court and others on the official list were present to do honor to the land of Japan in its observance of the national holiday. From Government House were present Colonel and Mrs. Humphrey Snow, Mr. and Mrs. E. C. Mervill, Captain Streetfield and Colonel and Mrs. H. Willis O'Connor. A delightful dance programme was enjoyed in the ballroom and at midnight supper was served in the Jasper room. At the table of honor the host had at his guests, Rt. Hon. W. L. MacKenzie King, Hon. Ernest and Madame Macdonnell, Miss Maxine MacTavish and Mr. and Mrs. Iwate.

Qualicum Beach

Mr. and Mrs. J. Cadzow have returned to their home here, after spending several months in their home in Victoria.

Mr. and Mrs. Gilmore and family, of Vancouver, have been spending a few days with Mr. and Mrs. Clapham, and have now returned home.

Mr. F. Gillan, who left here last week to take a position at Powell River, unfortunately injured his back and is now in the Jubilee Hospital having treatment.

Mr. Lowry was at Qualicum Beach on Monday inspecting the building of his summer home.

The fourth session of the cribbage tournament was held on Wednesday night at the home of Mr. O. Morgan. The following attended: Mr. and Mrs. Fraser, Mr. and Mrs. E. Hodgson, Mr. and Mrs. C. Foster, Mr. and Mrs. A. C. S. Bryan, Mr. and Mrs. W. Thrall, Mrs. E. Sanders, Mrs. P. Belyea, Miss H. Jarvis, Messrs. D. Walde, W. Clapham, J. Welch, G. Lane and G. Morgan. Mrs. G. Morgan, Miss Kitty Morgan and Mrs. W. Clapham were visitors.

Welsh Coming-of-Age

The Victoria Welsh Society will be at home to all Welsh people and their friends at St. David's Hall, Douglas Street, on Saturday. The doors will be open at 7:30 o'clock. The society will be twenty-one years old and a programme of special merit has been prepared and will consist of male chorus, quartettes and other vocal and instrumental music. The committee has every thing ready for a big reunion. Refreshments and dancing to radio music will conclude the evening.

School Concert

The students of the Normal School will give a concert in the auditorium of the school on Friday evening at 8:15 o'clock, and will be assisted by Mr. F. Gratton. As this is the first public entertainment of the year, it is expected that the attendance will be large.

"How do you treat sick bees?"
"With respect."

SUCCESSFUL CONCERT

Fairfield Choral Society Renders Attractive Programme

A large and enthusiastic audience enjoyed the programme given by the Fairfield Choral Society on Wednesday in the auditorium of Margaret Jenkins School. The concert was in aid of the building fund of St. Matthias Church Hall.

Some bright part songs by Eaton Fanning, Cowen, Gounod and others were given. The choir has a fine volume of tone, is prompt in attack and release, sings with careful expression and enthusiasm, is well in hand and should give a satisfactory rendition of the two exciting numbers for the May festival.

The soloists were Mrs. W. Redford and Miss Grace Platt, the latter assisted with flute obligato by Mr. J. H. Jones. The male soloists were Messrs. Maurice Thomas, T. Datzell and Mr. A. W. Trevett. Two pleasing duets by Miss Charlebois and Mr. Trevett were much appreciated.

By special request Miss Pauline Havard repeated her successful recitation of the preceding concert, "The Ballad of Yaxa." Instrumental solos were given by Gilbert Margison, violinist, and Mr. J. H. Jones, flautist.

The accompaniments were in the capable hands of Miss Josephine Charlebois and Major H. Watts, the society's conductor.

After the concert the choir was entertained by Mrs. T. Datzell.

A presentation was made to the club's accompanist, Miss Josephine Charlebois, of a silver flower basket. The presentation was made by Major Watts, several members voicing the club's appreciation of Miss Charlebois' capable work as their accompanist.

Judge Cluer—"Riding in a motor car is not evidence of means."

At Qualicum Beach

Guests at the Sunset Inn, Qualicum Beach, last week were: Mr. W. G. Scott, Dr. and Mrs. Hansen and Mr. E. W. White, Victoria; Mr. and Mrs. Ovan, Mr. E. Harris, Mr. A. Mackay, Mr. V. E. Woodman and Mr. J. H. Tinkler, Vancouver; Mr. H. M. Lorber, San Francisco; Mr. H. B. Dollar, Dollarton; Mr. R. V. Wilcox, Salmon Arm, and Major Johnston, Port Alberni.

Vancouver Island

CROFTON FERRY PLAN WELCOMED

Vice-President of New Fertilizer Company, Anxious for Salt Spring Island Link

WELL PLACED FOR COMMUNICATIONS

That the Victoria Fish & Fertilizer Company, which plans to start operations at Crofton shortly, will do everything in its power to stimulate the proposed ferry connection between Salt Spring Island and Crofton, is the statement of Mr. A. B. Watson, vice-president of the new company.

His company, which owns the Crofton Island, which it is anxious to rehabilitate, and restore to the importance which the district once possessed when a smelter was operating there, wants to see the desire of Duncan to have its own port realized, and naturally, as he explained to The Colonist last evening, development of Crofton is most attractive to his principals.

In support of that argument, he points out that it is one of the two tidewater connections of Duncan by rail, and the more direct one by the Esquimalt & Nanaimo Railway via Westholme, as well as being well placed to the bus services on the Island Highway at Westholme and adjacent points.

The company therefore supports the Vesuvius Bay-Crofton project, and points out by road communication it could be linked through

Salt Spring Island to Fulford, where will be the northern terminal of the new ferry from Swartz Bay. For that ferry the Department of Public Works is now inviting tenders. These projects, in addition to helping the Cowichan Valley, will aid the better connection of Salt Spring Island with the southern part of Vancouver Island.

Young People Meet

Mr. and Mrs. Stuart Stoddart entertained the members of the South Saanich United Church Young People's Society at their home at South Saanich on Monday evening. The evening commenced with a devotional period led by Mr. W. McClure, and a short business session, presided over by Miss Ida Heyer, followed. Mr. Roy Heyer reported having attended the Young People's Council banquet and meeting in Victoria, and told of what was accomplished there. Mr. Heyer was also appointed to attend the Young People's conference to be held soon in Vancouver, as representative from the local society. The meeting then adjourned and games and contests, arranged by the hostess, were enjoyed. The contests were won by Misses M. Mitchell, B. Snyder, I. Heyer, Mrs. W. Bale and Mr. W. McClure. Those present were Misses A. and I. Heyer, B. and M. Snyder, S. Patterson, O. and L. Dearing, M. Young, M. Mitchell, Mrs. W. Bale, Messrs. A. and G. Hafer, F. Sawyer, R. Heyer, W. McClure and A. Shiner.

Mr. T. A. Waite Dies

NANAIMO, Feb. 27.—The death of Mr. T. A. Waite, a farmer resident of Cedar District during the past twenty-six years, occurred in Nanaimo Hospital yesterday morning of Mr. Thomas A. Waite, a farmer resident of Cedar District during the past twenty-six years.

A native of Dumbarton, Scotland, aged seventy-seven years, he had been ailing for some time and his death was not unexpected. Besides his widow, he is survived by one grandson, James Waite. The funeral will take place Friday afternoon at 2 o'clock from the D. J. Jenkins, Limited, Chapel. Rev. John McTurk will officiate.

SPRING SHOW IS SET FOR APRIL 26

Shawnigan Farmers' Institute Elects Officers for Incoming Year

COBBLE HILL, Feb. 27.—At a directors' meeting of the Shawnigan Farmers' Institute, last night, Lieutenant-Colonel F. T. Oldham was elected president, and Mr. F. T. Elford, vice-president for this year. The date of the Spring show was fixed for April 26, and will be held at Shawnigan Lake as usual. The sum of \$25 will be sent to the Cobble Hill Hall trustees towards the cost of the furniture now being installed there, and \$10 for extra costs for the electric light. The public schools are to be notified of a competition for a handsome silver medal, presented by the Lieutenant-Governor, for pressed wild flower collections, which will be competed for at the annual Fall Fair, September 6.

SCOUTS MOVEMENT REVIVES, REQUIRING SUITABLE HALL

NANAIMO, Feb. 27.—After many years of struggling, the Boy Scout movement in Nanaimo is at last coming into its own. Mr. Lythgoe has been appointed as Scoutmaster. He understands the handling of boys and also has their respect. The committee yet has another matter to solve, namely the building of a hall large enough to accommodate the Cubs and Scouts, who now number sixty. The Nanaimo Lumber Company has generously offered to build the first section, namely, office and equipment building, while the Scouts themselves have to build the main hall, which will cost in the neighborhood of \$600. The committee will stage a dance in the Odd Fellows' Hall on March 3, in aid of the building fund.

Talk on Furs

NANAIMO, Feb. 27.—The members of the Nanaimo Gyro Club were addressed by Mr. Norman Carter at their regular luncheon in the Malaspina Hotel at noon yesterday. Mr. Carter gave an interesting and educational address on "The Fur Industry," which was greatly appreciated by those present.

Finding Traces of Unknown Ancient Peoples in Texas

ABILENE, Tex., Feb. 27.—A belief that a race of hitherto unknown ancient peoples may have inhabited this region has given impetus to archaeological research in Western Texas.

Already the sites of more than one hundred ancient Indian villages have been found by Dr. Cyrus N. Ray, president of the Texas Archaeological and Paleontological Society, and his associates.

Walter Hough, curator of anthropology in the National Museum at Washington, has termed these discoveries "of profound importance" to science.

Thick, flattened skulls dug from river banks point to possible existence of ancient men with Neanderthaloid affinities.

Dr. Ray believes there is evidence to justify a belief that man not only lived in Texas through many remote periods, but that he developed several distinctly different stone age cultures.

At a small station a freight train pulled in and sidetracked for the passenger train. The passenger arrived and pulled out; then the freight started to do its switching. A well-dressed woman, not used to the language of railroad men, had just stepped off the passenger train and was standing close to the brakeman when he yelled to another:

"Jump on her when she comes by, Bill; run her down by the elevator, creel, and in two days bring the head up by the depot."

She brought suit for mental anguish and came near recovering.

Mrs. E. M. Cran, of Kent, England, author and lecturer, has arrived in the United States to begin a tour of the continent lecturing on the topic, "Gardening."

NICARAGUA IS MENACED WITH MORE TROUBLE

Continued from Page 1

These six months ago," he said to The Daily News correspondent today. "Washington told me that as soon as the country was pacified the marines would be withdrawn. We took the American State Department at its word and have given it six months in which it was able to withdraw without loss of prestige and claim that the country was pacified. Apparently the United States does not intend to keep its promise and the only thing to do to win freedom and independence for our country is to start fighting again."

The opposing American invasion has decided that daily shooting of marines is the most effective way to arouse the American public to the real situation in Nicaragua.

Dr. Zepeda, who is a graduate of medical schools in Baltimore, Philadelphia, London, Paris and Mexico, claims that Nicaraguans living in the northern provinces have been forced to burrow underground. He says that they do not dare start fires or cook food, every wisp of smoke being a target for poison gas and high explosive bombs.

Dr. Zepeda's comments on the United States' discussion of humanitarian warfare at the London Naval Conference while at the same time it was sending airplanes to drop gas bombs and high explosives on Nicaraguans' huts was rather pointed. An exile from his country for fourteen years, he is credited with raising \$500,000 and 10,000 rifles for the cause.

Before leaving here Sandino pressed a wreath on the tomb of Hidalgo, father of Mexican independence. His desire to escape the attentions of admirers was one of the reasons for his departure at the present time.

Mrs. E. M. Cran, of Kent, England, author and lecturer, has arrived in the United States to begin a tour of the continent lecturing on the topic, "Gardening."

CHAMPIONS NAMED AT WILLOWS CLUB

The 1930 champions of the Willows Badminton Club were named Wednesday, when the finals in five events were carried out. The new list of champions follows:

Men's singles, Paul Phillips; women's singles, Miss Morley; women's handicap doubles, Miss Morely and Mrs. Knox; men's handicap doubles, Paul and Peter Phillips; mixed doubles, Doris Taylor and Paul Phillips.

SEATTLE ARTISTS WELCOMED HERE

Emily Bentley Dow, Violinist, and John Hopper, Pianist, Delight Local Audience

An exceptionally gifted young violinist, whose future Victoria music lovers will watch with the keenest interest, is Emily Bentley Dow, of Seattle, who appeared in recital at the Empress Hotel on Wednesday evening, under the auspices of the Victoria Ladies' Musical Club, assisted at the piano by Mr. John Hopper, also of Seattle. The impression which both artists left on their audience was unusually happy, especially in the case of the violinist because of her youth and the fleet-glances in her playing of the subtle and indefinable "something" which belongs only to true genius.

This quality forced its way to the surface particularly in "Lotus Land," by Cyril Scott; Sarasate's "Zigeunerweisen," and Ponce-Ludlow's "Estrellita," any one of which would have left an ineffaceable impression of rare musicianship. More constant qualities which stamped her work as having the support of solid technical foundation were the clarity, the beautiful singing tone in her harmonies, the round solidity of her upper notes, and the instinctively pleasing rhythmic qualities.

It is nearly three years since Miss Dow last appeared here, in the intervening time she has made vast strides. The whole musical expression has matured. In her previous recital here she was frankly conscious of the program, but now she was rather too ambitious and beyond her capacities at times. A little of the same feeling came with her recital numbers in the Wednesday evening programme. But, as the recital progressed and she warmed to her work, this was entirely dispelled, and she played through her two groups to an audience which was unrestrained in its enthusiasm.

A great test piece, the Paganini-Kreisler "Praeludium and Allegro" opened the programme, the arresting quality in which was the full resonant tone which she disclosed on the G string. The first movement of the big Tchaikowsky Concerto was splendid technically, but still slightly unconvincing interpretatively. But from this point on she developed both in musical magnetism and technical surety.

The Kreisler "Caprice Viennois," although slightly hurried, was captivatingly brilliant; the Ponce-Ludlow "Estrellita" developed a magnificence of tone which was thrilling; the Beethoven "Rondino," while not technically impeccable, had great tone, impressive rhythm, and beautiful grace and charm. The Kreisler "Liebesfreud," which concluded the group, was the signal for a great outburst of applause, the encore given being the beautiful "Londonderry Air," played with rich expression and depth of tone.

The closing group, as already intimated, held the climax of the recital in the atmospheric "Lotus Land" of Cyril Scott, a thing of mystery and charm showing great restraint in a manner which almost slightly hurried, was captivatingly brilliant; the Ponce-Ludlow "Estrellita" developed a magnificence of tone which was thrilling; the Beethoven "Rondino," while not technically impeccable, had great tone, impressive rhythm, and beautiful grace and charm. The Kreisler "Liebesfreud," which concluded the group, was the signal for a great outburst of applause, the encore given being the beautiful "Londonderry Air," played with rich expression and depth of tone.

TEN CLASSES LISTED FOR SCHOOL HERE

Training Course for Leaders of Religious Education of Children Set for March 10

VISITING EXPERTS WILL TAKE PART

"A People's Life of Christ," by Ven. J. Paterson-Smyth, and "The Life That Produced the Bible," by Rev. Ernest Thomas, D.D., have been chosen as the text books for New Testament and Old Testament studies, respectively, at the training school, to be held on the evenings of Monday to Wednesday, March 10 to 12, and Tuesday to Thursday, March 18 to 20, at the Memorial Hall, under the auspices of the Greater Victoria Religious Educational Council.

The course on the Life of Christ will be conducted by Rev. C. H. E. Cropper, while the Old Testament studies will be taken by Dr. Thomas, author of the booklet to be studied. Those who intend to be present for either of these two courses are advised to obtain a copy of the corresponding text book, and to become acquainted with its contents beforehand. Dr. Paterson-Smyth's book may be obtained from local bookstores, and Dr. Thomas' booklet may be secured from the Religious Educational Council.

Officials and members of young people's societies are urged to support the course on young people's work, to be conducted by Rev. Bruce G. Gray. Mr. Gray has had several years' experience of work with university students and other groups of young people in various parts of the continent.

A course on the "Church Catechism," to be conducted by Miss E. F. Roberts, of Seton College, is intended particularly for members of the Anglican Church and Sunday school teachers. The subject will be presented with boys and girls of the "teen-age" primarily in view. Suggestions will be given for the adaptation of the material for use with younger children.

Other courses to be given at the training school will deal with religious training of little children, to be conducted by Mrs. F. W. Grant. Church work with junior boys and girls, between the ages of nine and twelve, will be the subject of lectures by Rev. E. R. McLean, while work with older boys will be treated by Mr. Frank Fidler, and materials and methods for Bible study with older girls by Miss Anne Fountain.

AT GRENA GREEN
GLASGOW, Scotland, Feb. 27.—Romantic marriages at the smithy of Gretna Green are on the increase. 300 having been performed in 1929 over the anvil to which eloping couples from England and Scotland go to escape the red tape of formal ceremonies.

Nurse (announcing the happy event)—It's a little boy, professor. Professor (absorbed in study)—Ask him what he wants.

Does the Government pass new laws so that we shall overlook some of the others?

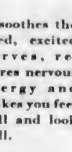

Sleepless Nerves

WHEN YOU CAN'T SLEEP, IT'S THE NERVES. In reviewing many thousands of cases in which Dr. Chase's Nerve Food was used with marked success, most patients mentioned sleeplessness as their greatest trouble.

You may be nervous, excitable, irritable and experience discomfort from indigestion and headaches, but the principal symptom is sleeplessness. The treatment indicated is Dr. Chase's Nerve Food for by its use you feed the starved nerves back to health and vigor. This method of treatment is restorative and reconstructive and therefore of lasting benefit.

News and Notes of the Interior

TRAIL HOSPITAL EXTENSION
The construction of a sixty-bed addition to the Trail-Tadanac hospital is planned for the current year, according to the annual report of the hospital board, which states the realization of the proposed hinges on city and provincial grants to assist in the erection of the building. The proposed new wing would include isolation wards for the care of infectious diseases, and it is particularly in this improvement that the civic authorities will be interested.

MINERAL CLAIMS STAKED
NELSON.—Canyon Creek area, about 16 miles from Kootenay Lake, has been the chief centre of activity among prospectors during the past month. Mr. W. H. Tyrrell has been the principal agent to stake claims in the district.

BOGUS BANK NOTES
SMITHERS.—The mystery surrounding the issuing of a considerable number of spurious bank bills at Prince George recently, is believed to have been cleared up through the alertness of Mr. T. M. Spencer, a C.N.R. passenger train conductor. Warned of the counterfeit money, Conductor Spencer, in accepting two \$5 bills from a passenger, kept them apart. He later made an examination of them and, believing the bills not genuine, introduced a policeman traveling on the train to his passenger. Upon being searched, it is stated that a large roll of bills was found upon the man. These were mostly in \$5 denomination, and some were said to be in an uncompleted state.

MINING BUREAU AT VERNON
VERNON.—In future the Board of Trade committee will be known as a bureau. At a recent meeting of the council, a mining bureau was formed. Its members are Mr. N. R. Brown, chairman; Mr. J. O. Agnew, Mr. H. Pout, Mr. R. M. McCusky and Mr. P. Murphy. A civic improvement bureau is to be appointed by the president. It is intended that this bureau will co-operate with the City Council in beautifying the city.

FORM DRAGON TROOP
SUMMERLAND.—A troop of the British Columbia Dragons has been organized at West Summerland by Sergeant William Borton, assisted by former Sergeant William Atkinson. Fifteen recruits between eighteen and twenty-one years of age joined the militia unit. Drills will be held twice a week.

HOTEL AMALGAMATION
KAMLOOPS.—Late negotiations were completed whereby the Leland Hotel and Plaza Hotel are to become united under one control and management from March 1 next. Mr. A. E. Meighen will be manager of both.

PENITENTION APPLE POOLS
PENITENTION.—The Penitention Co-operative Jonathan Apple Pool recently closed here with an average price, all grades to local pool growers, 65 cents a box, which, when local and central rebates added, will come up almost to 75 cents a box. This is considered a very high price for Jonathan apples. McIntosh Red apples, which previously averaged about \$1.10.

HUDSON'S Great 8

Questions the Wisdom of ever paying more for any car

Its rich appointment and appearance; its outstanding performance, remarkable economy and its pride of ownership, in every particular of motor car satisfaction, questions the wisdom of ever paying more for any car.

It is a question that motorists are everywhere asking. It is revealed in hosts of new owners turning to Hudson from every size and price field. It is confirmed in the most spontaneous welcome ever extended an eight-cylinder car.

This is the car which all Hudson's past achievements are set aside to produce. That fact alone speaks for a remarkable development. When you see and ride in it you will understand that an entirely new standard of motor value has been established.

It genuinely questions the wisdom of paying more for any car.

Face Covered With Blackheads and Pimples. Healed by Cuticura.

"My face was covered with blackheads and pimples. The pimples were hard, large and red, and itched and burned. When I scratched them they would fester and scale over. They were in blotches and lasted about three months.

"I began using Cuticura Soap and Ointment and was surprised to see the results. I continued using them and in about two months I was completely healed." (Signed) Theodore Stonehouse, Springhill, Nova Scotia.

Soap 25c, Ointment 25c and 50c. Talcum 25c. Sold everywhere. Sample each free. Address Canadian Agents: J. T. Watt Company Limited, Montreal.

An Irish salesman was trying his hand at selling iron window sashes, and in recommending them to the builders he said:

"These sashes will last forever—and afterward, if you have no further use for them, you can sell them for old iron."

Questions Answered by Ministers in the Legislature—New Ones Are Introduced

NOTICES OF MOTION

Today Mr. MacPherson will ask leave to introduce a bill intituled "An Act to amend the Attachment of Debts Act."

Today Mr. Gray will ask leave to introduce a bill intituled "An Act respecting the Corporation of the City of New Westminster."

By Mr. A. M. Manson, today:

That an order of this House be granted for a return of all correspondence and documents relative to the appointment of David Kirkwood as janitor of the Vancouver Courthouse.

STEWART LAKE AREA

By Mr. Kennedy, today—Questions of the Hon. the Minister of Lands:

1. What sum of money (if any) has been expended on land surveys in the Stewart Lake country north of the Grand Trunk Railway?

2. In what years were such surveys made (if any)?

3. By whom were such surveys made (if any)?

4. How many settlers (if any) were placed on the Stewart Lake lands during each of the following years: 1921, 1922, 1923, 1924, 1925, 1926, 1927 and 1928?

5. Do the records disclose the country of origin of any of the settlers placed upon this land?

6. If so, approximately how many were there from each country?

7. Approximately what number of settlers brought in are still located on this area?

REGISTRAR AT CRESTON

Mr. MacPherson asked the Hon. the Provincial Secretary the following questions:

1. Who is Registrar of Voters for Creston Electoral District?

2. When was he appointed?

3. What remuneration does he receive?

4. Is he a returned soldier?

5. What allowance is made to said Registrar for office rent?

The Hon. Mr. Howe replied as follows:

"1. H. H. Jackson.

"2. November 1, 1928.

"3. Five cents per annum for Creston on the list of voters for Creston Electoral District.

"4. No information.

"5. \$10 per annum."

Mr. Beatty asked the Hon. the Attorney-General the following question:

What sum or sums of money have

been paid for legal fees or services since November 23, 1916, to: (a) Williams & Manson; (b) Williams & Gonzales; (c) Williams & Gonzales?

The Hon. Mr. Pooley replied as follows:

"(a) Nil. (b) Nil. (c) 1924-25, \$126.27; 1926-27, \$639.50; 1927-28, \$629.53; 1928-29, \$2,383.93; 1929-30, \$1,229.10; 1928-29, \$750; total, \$5,659.06.

"Note.—These amounts do not include the sum of \$5,590.05, being fees paid for legal work to the above-mentioned firms in connection with the estates, details of which appear in answers to questions of Mr. Hayward, Votes and Proceedings, February 19, 1930."

MRS. MACGILL'S BOOK

Mr. Kennedy asked the Minister of Agriculture the following questions:

1. Did Helen Gregory MacGill, M.A., Mus. Bac., publish a book in 1928 entitled "Laws for Women and Children in British Columbia?"

2. Did the Department of Agriculture distribute any copies of the said book to Women's Institutes prior to July 18, 1928?

3. If yes, what was the Minister of Agriculture prior to July 18, 1928, when such distribution was made?

4. Were instructions issued to send copies of the book to Women's Institutes in lieu of Rules of Procedure as compiled by Mrs. Parsons, of Ottawa?

5. What amount of money did the Government expend on the purchase of copies so distributed?

The Hon. Mr. Atkinson replied as follows:

"1. Yes.

"2. No.

"3. Answered by No. 2.

"4. No; but in 1919 Mrs. MacGill was author of a book entitled 'How to Conduct Public Meetings in Canada and Where to Find the Rules,' which was published by the T. Allen Company, of Toronto. In 1922 one copy of this book was sent to each of the 1,000 Women's Institutes as compiled by Mrs. Parsons, of Ottawa.

"5. No amount was spent for the book entitled 'Laws for Women and Children in British Columbia,' but in 1922 copies of the book entitled 'How to Conduct Public Meetings in Canada, etc.,' were purchased from the publishers direct."

CHANCE ESSENTIAL

Mr. Hayward asked the Hon. the Provincial Secretary the following questions:

1. Were the offices of the Civil Service Commissioner transferred to Belmont House in the city of Victoria?

2. If so, when, and for what reason? Give particulars.

The Hon. Mr. Howe replied as follows:

"1. Yes.

"2. January, 1929. Acute housing condition throughout the buildings, Department of Public Works in both engineering and architectural branches so confined that work on hand could not be carried out efficiently. Architectural branch had nine draughtsmen and two stenographers for several months on Esplanade work, involving about \$1,500,000 expenditure, in addition to all the other work in the office, at schools, public buildings, maintenance and repairs, etc.; size of office, 1,394 square feet. Engineering draughting had eight draughtsmen and one stenographer on work involving approximately \$2,000,000 expenditure annually, exclusive of field engineers who require office space, generally two field engineers being in at one time; size of office, 913 square feet. In addition to the above, in the office, at the time, there was not sufficient room for filing purposes. Draughting takes up a large floor area on account of the size of drawings, and good light is essential, which could not be obtained under the then existing conditions. House committee recommended October 25, 1928, that immediate steps be taken to provide additional accommodation outside the Parliament Buildings."

SHARKEY WINS BY TECH. K.O. IN THIRD

Referee Declares All Of Sharkey's Blows Were Landed Fairly

Third Man in the Ring Gives Own Description of Farcical Bout at Miami Between Phil Scott and Boston Sailor

By LOU MAGNOLIA
Referee, Sharkey-Scott Fight.
(Copyright, 1930, by the North American Newspaper Alliance.)

RINGSIDE, MIAMI BEACH, Fla., Feb. 27.—I stopped the fight between Jack Sharkey and Phil Scott here tonight and awarded it to Sharkey on a technical knockout in the third round because Scott would not go on fighting. There was no foul punch that dropped Scott at any time during the nearly three rounds that the affair lasted. Every blow with which Sharkey dropped the English champion was landed in fair territory.

Twice Sharkey did land punches that were a bit low, but they were not low enough to be classed as foul blows.

When that third knockdown came about the middle of the round and Scott went down with a gasp, I was hurled to his corner. I waived Sharkey to his own corner and motioned for Scott's seconds to enter the ring and get him to his corner, where he could be examined by the boxing commission's physician.

In the corner they decided that Scott could go on. This coincided with my judgment, and I ordered the seconds out of the ring and the fight to go on.

HANGS ON ROPES
It was only a few seconds after that that Sharkey hooked a hard punch to the stomach in a neutral corner and Scott went into a fainting spell, hanging on the ropes.

I waved Sharkey away and looked at Scott. I asked him if he wanted to go on, and he merely hung there.

We had asked Scott if he thought he could continue, and he said he would try. This was when he was taking the rest in his own corner. His manager agreed that he could go on, I told him he must go on or he would lose the fight. He said he could not go on. I decided that he did not intend to fight any more tonight, and so I stopped the bout and gave the decision to Sharkey.

When I called for the intermission in that third round I knew that Scott had not been fouled, but I wanted to give him every chance to continue, especially because I did not want any howl or squawk from Jimmy Johnston, his manager, in view of all the talk about fouls and whether the fight should be stopped with either man on his feet.

I even asked Scott if he was physically fit to continue and he said to me that he was. An examination was made and the bout resumed.

FINAL PUNCH FAIR
That final punch was high and fair. I watched particularly for foul blows and, as everybody could see, I was on top of the fighters at all times and in a position to see every punch landed. I did see every punch landed and I saw exactly where it landed.

In my opinion Sharkey was giving Scott quite a licking and would have knocked him cold if I had allowed the fight to continue. I think Scott realized that it was only a

matter of time, and a short time, when he would go down before Sharkey's blows, and that's all there is to it.

There will be those friends of Scott who will say he was fouled, but any man who saw the fight and is fair at all knows that Scott was beaten fairly. Whether he could have gone on or not is something that only Mr. Scott can say. He said he couldn't. We all can have our own opinions.

THREE STARTERS FOR LONG GRIND

T. Slingsby, Victoria, R. Tegtmeyer and C. McClure, Port Angeles, Will Attempt Straits Swim

Holland Tegtmeyer, who finished third in the Wrigley marathon at Toronto, is at present in the city and is the guest of Teddy Slingsby, Victoria aspirant for the Straits of Juan de Fuca swim on July 4. Tegtmeyer is of the opinion that the distance can be covered, despite the fact that treacherous tides run between the Island and Washington. He also brought the news that Carol McClure, youthful Port Angeles high school girl, will attempt the long grind. This brings the starters for the Port Angeles-Victoria swim on July 4 to three. These include Teddy Slingsby, Victoria, Roland Tegtmeyer and Carol McClure, Port Angeles.

TILDEN AND COEN CAPTURE DOUBLES AT MONTE CARLO

MONTE CARLO, Monaco, Feb. 27.—"Big Bill" Tilden and his portage, Junior Coen, of Kansas City, won the Butler Tennis Trophy in the doubles competition here today, defeating the Italian Davis Cup pair, Baron de Mompurgo and P. Gaslini, in a stiff five-set battle. The scores were 5-7, 8-10, 6-1, 6-3, 6-1.

ENGLISH CRICKET ELEVEN WINDS UP AUSTRALIAN TOUR

(Canadian Press Cable)
NEW PLUMMER, N.Z., Feb. 27.—The English cricket team which has been visiting Australia and New Zealand, wound up their tour here today. In their last match they defeated Taranaki by an innings and 70 runs. Scores were: English team, 364 (Turnbull 70, Earle 98, Dawson 54); Taranaki, 139 and 155.

Tolley Likely to Captain British Walker Cup Team

British Open Champion Figured to Be Choice as Skipper—Sixteen Players in Training for Invasion of Jones & Company, May 15

By RALPH H. REVILLE
(Special to The Colonist. Copyright, 1930)

TORONTO, Feb. 27.—Not to be caught napping this year as they have been more or less in the past, the British golfing authorities have already asked sixteen players to get into condition and prepare to be chosen to play on the Walker Cup team which will oppose the strong United States aggregation headed by the redoubtable Bobby Jones, the personnel of which has already been announced.

As there are eight players only on the Walker Cup team half of the British nominees will eventually have to step to one side. The showing they make the next two months or so in competition will be arranged for them to participate in will decide the final selection.

Tolley by right of reputation and by right of being the British amateur champion is of course sure of a place and probably the captaincy of the team. Another certain selection is Major Heston, Irish champion, who has played on the last three Walker Cup teams. Then there is the former amateur champion, Sir Edward Holderness, who has done since winning the Amateur in 1922, the United States has been out in front five times. The fixture was first completed for every year, but owing to the expense entailed, in the neighborhood of \$10,000, it is now played every other year, alternately in Great Britain and the States.

Local Rugger to Leave for Varsity Cup Game Tonight

VICTORIA'S rep Rugby team, which will meet Varsity tomorrow afternoon in a McKee Cup fixture, will leave on tonight's boat for the Terminal City. The team will be as follows: Rustan, Fell, Webster, R. Wenman, Kinsman, Cockin, Turgoose, Hume, O. Parfitt, B. Forbes, Warlock, C. Forbes, Rowland, G. Wenman and Goad. Reserve: Walton.

DEMPSEY TO BE EXAMINED BY DOCTORS

Ex-Heavyweight Champion to Enter Mayo Brothers' Hospital for Physical Check-Up

MAY BE FIRST STEP OF COMEBACK MOVE

CHICAGO, Feb. 27.—Jack Dempsey will enter the Mayo Brothers' Hospital at Rochester, Minn., tomorrow for a complete physical check-up.

Boxing fans today accepted Dempsey's action as the first step in the Manassas-Mauler's journey back to ring activity. If Dempsey finds he has no hidden ailments he may decide to re-enter the ring, possibly in Soler Field, Chicago, for an engagement with Otto Von Porat, Tuffy Griffith or Max Schmeling.

The former world's heavyweight champion has been conducting boxing shows in Chicago since last October in the hope of establishing himself as a successful promoter for the outdoor season.

He has now dropped \$60,000 in staging shows at the Coliseum. If Dempsey decides to come back to ring activity, he will be in a unique position of both promoter and principal.

Canadian Lawn Bowlers Break Even in Matches

(Canadian Press Cable, via Reuter)
HOBART, Tasmania, Feb. 27.—The Canadian lawn bowlers broke even today, defeating Queensland 103 to 92, and losing to South Australia 120 to 72.

Gets Step Nearer Title

who advanced a step nearer to the heavyweight championship last night when he won from Phil Scott, British heavyweight, by a technical knockout in the third round. Plans are now under way to match the "Boston Gob" with Max Schmeling, German contender, in a New York ring this Summer.

12; but inasmuch as Portland will be here for their last regular appearance of the P.C.H.L. schedule on March 10, this date will not be available. It is possible, therefore, that these dates would be altered to March 11 and 13. But it all depends on what happens in Trail next week.

VANCOUVER MAY GET PLAY-OFFS

First Round of Western Allan Cup Series Will Be Played on Coast If Terminals Win

VANCOUVER, Feb. 27.—Stan Smith, secretary of the British Columbia Amateur Hockey Association, has been advised by Jack Hamilton, of Regina, vice-president of the C.A.H.A. in charge of the Western play-downs, that in the event of the Vancouver team defeating trail in the latter city on March 6 and 8, the first round of the Allan Cup series against Alberta will be played in Vancouver.

Hamilton sets the dates as Monday and Wednesday, March 10 and 12.

Meetings of the Victoria West, Division II, and Maple Leaf, Division II, soccer teams will be held at the residence of the manager to night. The former will meet at 8 o'clock and the latter at 7:30 o'clock.

SCOTT DISQUALIFIED BY REFEREE AFTER CLAIMING FOUL BLOW

Results of Bouts At Miami Beach Ring at a Glance

JACK Sharkey won from Phil Scott by a technical knockout in the third round. Vittorio Campolo and Johnny Rizzo went ten rounds to a draw. Jimmy Maloney won ten-round decision over Moise Bouquillon. Rasoul Bianchi knocked out Bill Daring in the first round. Tommy Loughran decided Pierre Charles in ten rounds.

SCHOOL SQUAD OUT TO DEFEAT COLLEGE TEAM

Mount Tolmie Boys Anxious to Hand Intermediate Rugby Leaders Initial Defeat of Season

TWO ADDITIONAL MATCHES CARDED

Stop the fast moving and undefeated Victoria College Intermediate Rugby League "fifteen" that's the war cry of the University School boys at Mount Tolmie, who will battle the Collegians tomorrow afternoon in the feature attraction on the oval ball programme. The game will be played on the school grounds.

At the Willows, Canadian Scottish and J.B.A.A. fifteens will meet in what promises to be an interesting struggle. Oak Bay Wanderers and the Y.M.C.A. will complete the programme by staging their act at Oak Bay Park. All games will start at 5 o'clock.

Football Meetings
Meetings of the Victoria West, Division II, and Maple Leaf, Division II, soccer teams will be held at the residence of the manager to night. The former will meet at 8 o'clock and the latter at 7:30 o'clock.

Even after Scott had been disqualified Sharkey continued to berate his crouching opponent and Sharkey's seconds had to lead him to his corner.

For a moment the ring was a bedlam and several policemen finally climbed into and cleared it.

The crowd booted Scott as he was assisted through the ropes.

An explanation was made from the ring as to the decision and the reason for it. Up to this time most of the crowd had no idea which man had been disqualified. As far as could be seen from the ringside only one of Sharkey's punches was questionable and this was not low enough for anyone outside the ropes to assert that it was foul, as it landed on the top of the trunk. Nor did it seem that this was a punch which did Scott much damage.

Lou Magnolia, the referee, declared after the fight that he saw no low punches. Personally, it seemed to me that one punch was low, but it was not the punch from which Scott went down.

MANAGER CLAIMS FOUL
Jimmy Johnston, of course, loudly asserted that his man had been fouled and that he had predicted an ending before the fight. His attitude seemed to be that his man had been both fouled and robbed.

Had Scott stayed up for twenty-six seconds longer than he did, the third round would have been over and he would have had a full minute to recuperate from any injury, real or fancied, in a round in which he already had been given considerable of a rest by the doctor's examination.

It was one of the most unsatisfactory endings I have ever seen in a championship bout. There was no doubt from the start as to which was the better fighter.

In Chicago, I saw Gene Tunney, who was sitting at this ringside to-night, hit much lower and immediately harder by a wild and unintentional punch from Dempsey than Scott was hit tonight by Sharkey, and Tunney did not complain or even show by his actions that he had been struck low as a matter of fact, he immediately tore into Dempsey and had the better of the melee.

It was hard for me to believe that Scott was so hurt by any punches, foul or fair, that he could not be continued, if he had had the fighting spirit of a champion in his heart. Moreover, previous to this bout, I examined a protective harness which they told me would be worn by Scott. It is a contraption made of airplane metal and inflated rubber which covers the entire groin from hip to hip, and it seems very unlikely that anyone wearing it could be injured by a low punch.

GET LITTLE FOR JOURNEY
The ending of this bout was particularly unfortunate in that some of the ablest of the British fight writers came 3,000 miles to witness and report it. I still believe that there was no occasion for Sharkey to hit Scott low to beat him.

The bout was fought before an estimated crowd of 35,000 persons.

Heavyweight Bout at Miami Comes to Unsatisfactory Ending—Boston Gob Puts Englishman to Floor Three Times Before Britisher Refuses to Continue

Bedlam Reigns in Ring Following Farcical Mix

Claim of Foul by Scott and Manager Disallowed After Doctor's Examination—Sharkey Berates Opponent for Failure to Get Up and Fight—35,000 Watch Bout

By WALTER TRUMBULL
(Copyright, 1930, by the North American Newspaper Alliance.)

MIAMI BEACH, Fla., Feb. 27.—The bout between Jack Sharkey, of Boston, and Phil Scott, of England, here tonight, came to a most unsatisfactory conclusion after two minutes and thirty-four seconds of the third round, when the referee, Lou Magnolia, disqualified Scott and announced Sharkey as the winner.

Scott had gone down for a count of six in the second round and counts of three and six in the third round, when he finally went to the floor in a neutral corner and therefore ended the fight.

Sharkey was driving vicious blows to Scott's body when Scott went down for the second time and he and his seconds claimed a foul. He was carried to his corner and time was taken out while he was examined by the doctor appointed by the commission, who reported that there was no evidence of a foul.

Scott, Sharkey raged in his corner, crying and protesting. The commission then ordered the bout to proceed. Scott rose and seemed a little elated, but Sharkey tore himself loose, fighting savagely.

SHARKEY BERATES SCOTT
Scott slowly sagged to the floor, holding his leg. Sharkey danced in front of him saying, "Why don't you get up and fight? I didn't hit you low, I hit you in the belly. Get up and fight!"

Scott didn't care for any further fighting, however.

Even after Scott had been disqualified Sharkey continued to berate his crouching opponent and Sharkey's seconds had to lead him to his corner.

For a moment the ring was a bedlam and several policemen finally climbed into and cleared it.

The crowd booted Scott as he was assisted through the ropes.

An explanation was made from the ring as to the decision and the reason for it. Up to this time most of the crowd had no idea which man had been disqualified. As far as could be seen from the ringside only one of Sharkey's punches was questionable and this was not low enough for anyone outside the ropes to assert that it was foul, as it landed on the top of the trunk. Nor did it seem that this was a punch which did Scott much damage.

Lou Magnolia, the referee, declared after the fight that he saw no low punches. Personally, it seemed to me that one punch was low, but it was not the punch from which Scott went down.

MANAGER CLAIMS FOUL

PASTROE TO GET SHOT AT CORPUZ

Will Replace Tim Keist in Semi-Wind-up to Fielding-Herman Mix Tomorrow Night

Danny Pastroe, local "rubber man" who has appeared in 160 bouts without taking the count, has been moved up to the semi-wind-up position to the Herman-Fielding ten-round main event of the Central Boxing Club's fight show at the Tillicum gymnasium tomorrow night. This announcement came last night from Bob Vipond, matchmaker of the Central Boxing Club.

Pastroe, a former champion, is unable to make satisfactory arrangements with Tim Keist. Pastroe has been fighting in these parts for many years, and is known as a bag of action from start to finish. He will face a tough opponent in Clarence Corpus, Manila champion.

Boston Johnny Duffy, who wins most of his starts with a chopping left hand, has been substituted for Pastroe in the four-round preliminary against Dave Manning, Seattle.

Eddie Herman, flashy sound city battler, who is coming back for a second smack at Fielding, will be in the pink of condition, according to information received from Seattle. Lennie Austin, of the firm of Bishop & Austin, Seattle promoters, and managers of Herman, figure their protégé will win the decision over the local fighter tomorrow night. Austin will accompany him here.

The complete card of glove-throwing follows:
Main event, ten rounds, 135 pounds—Eddie Herman, Seattle, vs. Tommy Fielding, Victoria.

Semi-wind-up, six rounds, 135 pounds—Clarence Corpus, Seattle, vs. Danny Pastroe, Victoria.

Second bout, four rounds, 122 pounds—Jimmy Henry, Seattle, vs. Wing Hay, Victoria.

First bout, four rounds, 135 pounds—Dave Manning vs. Johnny Duffy, Boston.

Referee, Roy Baker.
The first mix will start at 8:45 o'clock.

Cyclist Pedals at a Mile a Minute

By AL DEMARKE
(Former Pitcher, New York Giants)

Reggie McNamara, the iron man of the six-day cycling racket, climbed down off his wheel recently in Chicago and gave me a number of enlightening facts.

"Take 'Mile-a-Minute' Murphy, who worked for a railroad," said Reggie. "He induced the railroad to build a track for miles between the rails. He was then paced by an engine. I don't recall his speed, but he traveled faster than a mile a minute."

"All the high speeds are made possible by being paced with a motorcycle with sidebars on the bumpers. This cuts down the wind resistance a great deal, and the rider alone creates a vacuum and sucks the rider along behind it."

Letourner, a French six-day rider, says a fellow countryman by the name of Gansy was going sixty miles an hour when his tire blew and it was just too bad. His friends said it with flowers.

Cup Ties Will Hold Spotlight in O. C. Soccer Tomorrow

English and Scottish Teams Scheduled to Meet in Important Fixtures—Results in Most of Matches Expected to Be Close

(Canadian Press Cable)
LONDON, Feb. 27.—Teams still left in the English and Scottish Football Association Cup competitions will fight for positions in the semifinal rounds on Saturday.

In England the four games to be staged will be of great interest, owing to the evenness, as far as form is concerned, of most of the teams involved. Six First Division and two Second Division teams are involved, while the only two London teams still surviving—West Ham United and Arsenal—are drawn together. The draw follows:

Aston Villa vs. Huddersfield Town. West Ham United vs. Arsenal. Notts Forest vs. Hull City.

In the London encounter, West Ham again plays at home, as they have done in the three previous rounds. There is an advantage to them in this, of course, but Arsenal, who for years used to get most of their games at home by the luck of the draw, have shown this season that they can play on foreign soil just as well, if not better. Arsenal, with the most expensive forward line in England, is favored slightly to win.

Aston Villa also plays at Birmingham once more. It is a more confident team than Huddersfield,

which has had a rougher trip to the present round.

Notts Forest, Second Division club, meets probably the strongest team in league football in England today, the Wednesday. This is not to say Notts Forest will not win, but they will have to rise to far greater heights than they have reached so far. Notts Forest will be at home.

Newcastle United will meet Hull City, the other Second Division team, at Newcastle. Newcastle, so far, has shown that they do not pull together and though undoubtedly composed, man for man, of better players, may have to bow to Hull City, which is a bustling, well-balanced side.

The draw in the Scottish round follows:

Dundee vs. Hearts. Partick Thistle vs. Falkirk. Rangers vs. Motherwell.

St. Mirren vs. Hamilton Academical.

Even though Hearts have to go to Dundee, they should win, as the Edinburgh team is playing strongly just now, beating the Rangers, though the latter were not at full strength last week. Partick Thistle, at home, is picked to beat Falkirk, who required four games to eliminate Leith Athletic, a Second Division club, in the last round. Rangers should have an easy time at Ibrox Park with Motherwell. The match of the series is undoubtedly that of St. Mirren vs. Hamilton Academical. The latter have been quietly picked to win the cup, so good has been their record on previous grounds. The game will be at Paisley.

WEEKLY SPORTS MEET

All members of the 5th B.C. Coast Brigade are asked to attend the weekly sports meet at the Armories tonight at 8 o'clock. Swimming, basketball, volleyball, indoor baseball and other sport events are on the programme.

Prominent Group at C.P.R. Tournament

THE second annual Empress Hotel midwinter golf tournament at the Colwood Golf and Country Club, held last week, drew a large attendance from the Prairies, United States cities and Canadian Coast points. Despite outside entries, Victoria golfers won the E. W. Beatty Trophy in men's and women's handicapped competitions. In the above group, left to right, are N. K. DesBrisay, C.P.R. general passenger agent, Vancouver, and H. J. Wilson, manager, Empress Hotel, who represented the Canadian Pacific Railway during the tourney; Mrs. R. B. Philbrick, women's champion; Chief Justice Macdonald, who presented the prizes; Harold Lineham, Colwood's ace and winner of the men's competition, and J. A. Sayward, president of the Colwood Club.

Stiff Tests Facing Teams in Sixth Round of English Cup Soccer

By P. J. WOODLEY

On April 26 the fifty-fifth English Cup final will be played at Wembley. The period of application for tickets to witness it has long since passed, for during the month of January a quarter of a million were applied for, and a small fortune of approximately \$300,000, is awaiting its return to unsuccessful applicants.

Continuing its unintermitted progress the 1930 competition for possession of the English Football Association Cup winds its merry way along. Save for slight, often meaningless, impediments caused by one or another of the contestants failing to settle an argument at the first time of asking, the contest creates new, and sometimes renewed, interest as the track gradually but surely tapers towards the horizon. Narrowed down to eight units for the sixth round the difficulty of picking the winner is a shade less formidable than when the competition actually commenced its course in earnest with the advent of the third round. That it would not be a Third Division club was almost a foregone conclusion; that it will be a Second Division club is a question of interesting speculation, but that it will be a First Division club is not yet a certainty. It may be one of the latter—perhaps Aston Villa, possibly Sheffield Wednesday—although the Second Division still have two iron

In the fire, but the Third Division's lone representative (Brighton and Hove Albion) has now played its last card.

THE SECOND DIVISION

Hull City and Nottingham Forest remain alone in their glory to carry forward the traditions of the Second Division, to make renewed history and to cause anxiety for the elite clubs. Brainstorming of the present form may devise some scheme towards an end. There are, even now, so many possibilities which can be probabilities, too, in the prize. Brainstorming of the present form may devise some scheme towards an end. There are, even now, so many possibilities which can be probabilities, too, in the prize. Brainstorming of the present form may devise some scheme towards an end. There are, even now, so many possibilities which can be probabilities, too, in the prize.

In the fifth round, Newcastle United made no mistake with the classy team of the Third Division; West Ham beat their fellow Londoners, Sheffield Wednesday accounted for the Blackbourn Rovers while Huddersfield Town disposed of the other; Arsenal triumphed over Middlesbrough, and Sunderland participating in the only drawn game, journeyed to City Ground, Nottingham, to receive their first quietus in the replay.

Aston Villa, before a great crowd, could not afford to liberties with their famous Blackburn Rovers and prevented them from doing what they may be able to accomplish for themselves. Both of them have previously won the English Cup six times. Aston Villa, now have a chance to make it seven.

One of the Second Division's representatives for the sixth round tomorrow, justly their appearance by staging the greatest upset in the previous round. Manchester City, at Maine Road, gained a lead, but could not hold it, the sustained attack of Hull City gradually wearing them down and obtaining the right to fight again.

Here is the result of the draw for the sixth round, one asterisk denoting previous cup winners. Arsenal, Aston Villa, West Ham United and Huddersfield Town appeared in last season's corresponding round. The first-mentioned teams perform at home.

*Aston Villa vs. Huddersfield Town.
West Ham United vs. Arsenal.
Nottingham Forest vs. "Sheffield Wednesday."

*Newcastle United vs. Hull City.

ASTON VS. HUDDERSFIELD
Since fortune invariably favors home teams, Aston Villa seems to be enjoying the cream of it. Drawn at home for the third round, monetary inducements persuaded Walsall to sacrifice entertainment for their own supporters at Hillyar Street to transfer it to Villa Park for a greater "gate" in the fourth round; Blackburn Rovers visited them, much to their discomfort, in the fifth round, and Huddersfield will perform there tomorrow. Twice have Huddersfield been drawn at home in addition to entertaining Bury in a replay. Although the home team in this fixture have triumphed six times in the competition, it is ten years since their last success. Huddersfield Town beat Preston North End for the trophy in 1921-22.

WEST HAM VS. ARSENAL
A London "Derby" is provided by Arsenal's visit to Boleyn Castle, Upton Park, where West Ham supply talent for the contest. So far Arsenal have enjoyed two home games in this series, but were compelled to journey to St. Andrew's, Birmingham, to decide fourth round superiority. The fifth round significance for them a successful trip to Ayresome Park, Middlesbrough. Arsenal are showing superior form away from home, and West Ham may supply another victim tomorrow. When these teams met in league competition on November 2 at Highbury the match was a cup in its fervor with every player trying to do his work twice as fast as it was humanly possible to do it. Tackling on both sides was grim and relentless, although invariably fair and aboveboard—another illustration of the cleanliness and honesty prevailing among the players in the first division of the league.

The "Hammers" then beat the "Gunners" by one goal to nil. Action galore will be the modus operandi tomorrow. This will be the home team's fourth home cup game.

they having so far enjoyed handsome victories over Notts County, Leeds United and Millwall. They have scored four goals in each game, while Leeds and Millwall were only able to penetrate their defence once each.

NOTTS F. VS. SHEFFIELD W.
Again a home team's advantage is illustrated. Nottingham Forest went to Hoker Park for the fifth round and shared the goals with Sunderland, but when a decision was imperative the former team rose admirably to the occasion at City Ground, Nottingham, for the replay. The last city boasts two Second Division teams, one in the top half and one in the lower half of the league table, while Hull City, who accompany them in the cup competition, remain close partners in league standing. The wonder of the English football, present league champions and dual winners of the English Cup, will be the Forest's opponents tomorrow. Sheffield Wednesday's record in this competition is not too convincing, representing, as it does, a single goal victory over Burnley, followed by two successes over Second Division clubs. They may be expected to reach the semi-final now, despite the prevalence of ever-present "slips between the cup and the lip" and next to bottom teams in a fair way to success in both league and cup competitions, but it was only in the dying moments of their fourth round that they were able to snatch a victory. It was a meeting between two leaders of respective divisions at Boundary Park, Oldham.

NEWCASTLE U. VS. HULL CITY

That league success is not a satisfactory forecast of cup form is forcibly emphasized by the existence of the top and next to bottom teams of the First Division in the competition, while fifteen of the twenty teams in between them have met their Waterloo. Newcastle United, responsible for the exit of the last surviving Third Division club in the previous round, will tomorrow encounter Hull City at St. James' Park. For Newcastle's league failures cup successes supply the feature of redemption. Their cup form is illustrated by three-to-one superiority, while their league inferiority is written as almost three to two. Newcastle United, now leading for the Second Division, have captured the English League four times and won the English Cup six years ago. The only surprise of the round was Hull City's meritorious success over Manchester City at Old Trafford and since the latter team is running close to the head of affairs and Hull City's next opponents are near the bottom prognostication of the result tomorrow is interesting fodder for speculation.

LUCK OF THE DRAW

"The pendulum, swinging noticeably toward First Division clubs all too frequently, has again traveled far towards rounding the Second Division's doom. Examining the status of events which has included the whole of the two divisions, it is found that the percentage of home ties for first division clubs is more than double that of the second division. But the ties that thrill are those which send First Division clubs into the strongholds of the lower divisions. That amazing battle at Oldham proves the truth of this assertion. It is not necessary for English folk to go all the way to Miami, when they could get all the thrills at Oldham. The display would have made a brilliant final. Wednesday scored first, Oldham equalized, Wednesday scored again, Oldham equalized again. Two-two at half-time. Oldham took the lead with eighteen minutes to go. Wednesday equalized. Time was up save for a minute lost through injuries. Sheffield Wednesday staged an onslaught and won as great and glorious a battle as the most exacting enthusiast could wish to see. Such is the fate of English club football.

COLONIST ISSUES CHALLENGE TO "Y" SQUAD FOR TITLE

Bill Spencer's Colonist basketball team, winners of the senior "C" division of the Victoria City League, have issued a challenge to the Y.M.C.A. senior "B" titleholders for a series to decide the city laurels.

The newsies were booked to play off with the "Y"s, but refused to take part in the series when ordered to play on the Y.M.C.A. floor. If the challenge is accepted, the teams will play in a neutral gym.

This evening the Colonist quintette will travel to Keating, where they will oppose the suburbanites in an exhibition game. The game will start at 8 o'clock, and the following players are asked to meet at The Colonist office at 7:15 o'clock: Borde, Pillar, Smith, Elliott, Rutledge and Radford.

JUNIOR SOCCER TEAMS TO MEET IN CUP FINAL

Victoria City and James Island Will Clash at Royal Athletic Park in Feature Attraction

TWO COMBINATION CUP GAMES ON TAP

Twenty soccer teams will be in action tomorrow on local playing fields, with three cup matches and seven league games carded. Heading the lengthy round ball programme will be the Lower Island Cup final between Victoria City and James Island junior elevens at the Royal Athletic Park. Oliver will referee this match, which will get under way at 2:45 o'clock.

Four of the six senior teams will be engaged in Combination Cup series, a fifth will be idle, while Esquimalt, the sixth club in the Victoria and District Football League, will journey to Vancouver to battle St. Andrew's in a Province Cup match at Con Jones Park. The dockers will leave on tonight's boat.

Victoria West, present leaders of the Combination Cup series, will oppose the City at Beacon Hill, while the Five C's will oppose the Jokers at Victoria West Park. Kick-offs are set for 2:45 o'clock.

Three junior and four juvenile league matches complete the card, with the teams and playing fields as follows:

JUNIOR LEAGUE

K. of C. vs. Royal Oak, at Beacon Hill; upper ground.
Oaklands vs. Esquimalt, at Spencer's Park.
Sidney vs. Y.M.C.A., at Sidney. Games will start at 2:45 o'clock.

JUVENILE LEAGUE

Three C's vs. Victoria West, at Central Park; Baxter, referee: 2:30 o'clock.
Victoria West vs. Spanish Thistles, Royal Athletic Park; McIlmoyl, referee: 1:15 o'clock.

Langford Lake vs. Maple Leafs at Beacon Hill, upper ground; McBaine, referee: 1:15 o'clock.
Five C's vs. Sons of Canada at Beacon Hill, lower ground; 1:15 o'clock.

The teams:
Victoria West, Division I Juveniles, will be selected from Lund, Campbell, Luttrell, Fraser, Barnswell, Rickerson, Colgate, Purdy, Richard, Kennedy, Graves, Bell and Dawson.

Five C's—Farquhar; Reg Shanks and Harwood (capt.); Bundock, McConnell and Moulton; Lunsley, Burgess, Quantin, Nicol and Bob Shanks. Reserve, G. Sands.
Jokers—Chalmers; McKenzie, Dobbyn; Clarke, Banks, Philipson; Carmichael, Spilsbury, McEwen, McBay and Martin.

Oak Bay High Wins

Oak Bay High School girls' grass hockey team scored a 2-1 victory over the Victoria High School aggregation on the latter's home ground Wednesday. At half-time the squads were tied at one all. E. Schofield scored Victoria's lone tally, while I. McIlmoyl and P. Horne were the scorers for Oak Bay.

Runner-Up in Recent Midwinter Golf

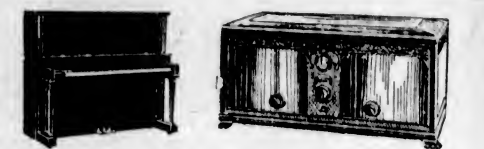

CLARENCE BRYNJOLFSON
Overseas-born golfing star, who was runner-up in Harold Lineham's last week's Empress Hotel midwinter golf tournament at the Colwood Golf and Country Club. Brynjolfson put up a game fight, losing out at the thirty-six hole after being tied at a dead stroke.

ALWAYS SHAVE THE WILLIAMS WAY

"Four o'clock and
my face feels fine"

So will yours... at four, five, six or ten o'clock... if you shave the Williams way.

Lather up tomorrow morning with Williams Shaving Cream. Brush it into great soothing lather. Then treat yourself to the smoothest shave you have ever enjoyed... for no matter how tough and wiry your beard, Williams has tamed it.

The after feeling's great. Your face is smooth, soft, flexible, younger. In perfect condition for the day.

To keep it so, try a dash of Aqua Velva to conserve natural moisture and help take care of tiny ticks and cuts. Keeps the skin as Williams Shaving Cream leaves it... in perfect shape for the next day's shave.

An overwhelming majority of Canada's barbers use Williams lather, pure, mild, uncolored, the product of 90 years specialized study of skin, beard and shaving.

Williams Shaving Cream comes to you in large tubes at 35 cents and double-size tubes at 50 cents. Its companion luxury, Aqua Velva, in large 5-ounce bottles at 60 cents.

Perhaps you would like the novelty of Williams Shaving Liquid. Very new. Ask your dealer.

Williams
SHAVING CREAM & AQUA VELVA
THE J. B. WILLIAMS CO. (CANADA) LIMITED, MONTREAL

Aqua Velva
Keeps the skin as Williams Shaving Cream leaves it—in perfect shape for the next day's shave. Large 5 oz. bottle, 60c.

"I use lipstick only once a day!"

"My dear, I've discovered the most amazing new Kissproof Lipstick! I put it on once in the morning and know my lips will look their loveliest all day long, no matter what I do. You don't believe it? Here, try Kissproof, my dear—you won't need lipstick again today!"

Kissproof, the modern waterproof lipstick, is changing the cosmetic habits of women everywhere. No longer is it necessary to be bothered with constant re-touching—to be embarrassed with ordinary lipstick that stains handkerchiefs, teacups and cigarettes.

Kissproof is such full natural color that just a touch on the lips rubbed in with the finger tips is needed. And you have the peace of mind of knowing that your rich, youthful coloring stays on as natural as if it were your very own—and as permanent as the day is long!

We urge you to find out for yourself how Kissproof stays on—what healthy coloring it gives. At all toilet counters.

Kissproof

Do your eyes have "It"? Just a touch of Kissproof makes lashes seem longer and thicker, eyes sparkle with new allure. Kissproof. Water-proof. Black or brown, still toilet counters.

"Fifty years of happy married life! How have you managed it?" "Well, for one thing, son, I've always admitted I was wrong."

The way to succeed is to begin at the bottom. This is especially true of stock speculation.

Ask Your Physician

About Sunlight Healing

HE will tell you what direct sunlight did for convalescents in the military hospitals and for under-nourished children in children's institutions.

He will also tell you that Cod Liver Oil is known to possess a similar quality to the sun's ultra violet rays through its content of the "sunlight" vitamins.

Avail yourself of his knowledge and wide experience on all health matters. If he recommends sunlight healing in the form of Cod Liver Oil, ask him about Ayerst's.

At The Playhouses

ROYAL "The Rotters," the Lanchashire comedy which the Gordon McLeod Players are presenting at the Royal this week, is proving a real laughter maker for the audience. There are only three more performances of this really funny play. Ask your friends who have seen it, how much they enjoyed it, and many will tell you that it is the most amusing play they have yet seen this season. Next week, the seventh play of the season, a mystery drama, is being offered, entitled "The Creaking Chair." This play was produced in London, at the Comedy and Little Theatres. Aubrey Smith, celebrated English actor, and Talullah Bankhead, famous both in America and England, were the two leading characters, also Nigel Bruce and Claude Bailey of this company were also playing important parts.

COLUMBIA A pictorial gem, brand new in theme, and all that any film picture could ask for in the way of thrills and sterling entertainment, "The Air Circus" began a run at the Columbia Theatre yesterday, which promises to set new records. For breath-taking thrills and compelling heart interest few pictures ever here have surpassed "The Air Circus."

DOMINION "If it's a Paramount picture, it's the best show in town"—especially if it's a Charles (Buddy) Rogers picture. And "Half Way to Heaven," which opened a three-day run at the Dominion today, is that kind of a picture. "Half Way to Heaven" brings Buddy into the limelight as a daring performer in a carnival troupe, in love with lovely Jean Arthur. Paul Lukas is the third member of the triangle.

VARIETY The talented Toby Leitch Players are winning fresh laurels with their presentation of that brilliant three-act comedy-drama hit, "Gerry," at the Variety Theatre this week. Throughout, the play is distinguished by the rollicking comedy of Raymond Toby Leitch.

AMUSEMENTS

On the Stage
Royal—The Gordon McLeod Players offer "The Rotters."
Variety—The Toby Leitch Players present "Gerry."

On the Screen
Capitol—Jean Crawford in "Untamed."
Columbia—"The Air Circus," starring Sue Carol.
Dominion—Charles Rogers in "Half Way to Heaven."
Playhouse—"Broadway Scandals," starring Sally O'Neil.

CAPITOL A fight in the ballroom theatre is one of the novelties of "Untamed," the new Joan Crawford all-talking vehicle for Metro-Goldwyn-Mayer, which is now playing at the Capitol Theatre. "Untamed," adapted by Willard Mack, is a story of a girl brought up in a Central American jungle. On her way to civilization she falls in love with the first white young man she meets—and stays in love.

PLAYHOUSE Columbia pictures Theatre Corporation drew on talent to produce comedy scintillating with mirth and song now playing at the Playhouse Theatre. Sally O'Neil and Jack Egan, and specialty dancers are in this ambitious Columbia production.

VARIATION AND INTEREST ARE MAIN ESSENTIALS

TORONTO, Feb. 27.—"There has been too much teaching and not enough guidance," said Dr. W. E. Blatz, child psychologist, in addressing the parents' association here the other day.

The functions of a teacher are to provide motivation and beyond this, persistent application, he said. It is probable that 50 per cent of the children reprimanded in school are punished for lack of concentration or laziness. These qualities were the complete reverse of motivation and persistence, the speaker said.

A child becomes bored only when you start to teach him, Dr. Blatz went on. The main essential in the training of the child is that there should be sufficient relative things about any central core in order that interest and variation be provided and that at the same time there be a continuity to induce persistent application.

He deplored the situation in schools whereby the child spent a half hour on arithmetic and at the end of that time jumped to geography, which was in no respect akin to the former.

IS THOROUGHLY IRISH

BELFAST, Feb. 27.—William O'Dwyer has a very discriminating Irish terrier. The dog will notice only those who speak Irish and ignores those who talk in English, so William told a Dublin judge when he brought action against a man for stealing the pup.

Doctor—Mrs. Soansough, we shall have to get a nurse for your husband and you will have to watch him very carefully.

Mrs. Soansough—You're right, doctor. I know him pretty well.

Burgess Bedtime Stories

A Secret Is Discovered

By THORNTON W. BURGESS

Some things 'tis best we should not know. You'll find that all through life 'tis so.

—Blacky the Crow.

It was still winter, the Green Forest was covered with snow. The Green Meadows were white. It was a white world everywhere. It didn't seem as if Spring were one bit nearer. Sammy Jay was thankful enough that he had a good warm undercoat of feathers. There were some days when Sammy almost wished that he had good South Wind. Welcome Robin and Winsome Bluebird and most of the other feathered folk. Sammy only almost wished that he had good South Wind. He was a hardy fellow and he likes to be active and flying about here and there. Thus he keeps warm. Still, winter does get a little tiresome, and Sammy was beginning to look ahead and dream of nesting time.

"It will be good to see some sign that Spring is on the way," said Sammy when he saw Jumper the Hare in the Green Forest. "I don't suppose we shall see one, however, for a long time yet."

"No," said Jumper the Hare. "I don't suppose we shall see one, however, for a long time yet. I have looked for skunk cabbage around the open springs, but I haven't found one yet. That usually is the first sign."

"Well, replied Sammy, 'I must be on my way. I suppose it is foolish to even think of Spring in such cold weather as this. What's the news?'"

"None," replied Jumper the Hare. "Unless it is news that Hooty the Owl and Mrs. Hooty seem to be living over where Blacky the Crow lived last Spring. I'm keeping away from that part of the Green Forest myself."

This reminded Sammy that it was under that very tree that Chatterer the Red Squirrel had found the black feathers which everyone had supposed were feathers of Blacky the Crow. "I believe I'll have a look at that nest," thought Sammy, as he spread his wings. Chatterer may have hidden some nuts there. Nothing would please me better than to find some nuts or acorns hidden by Chatterer."

So Sammy flew straight for the tree that Blacky the Crow and Mrs. Hooty had built their nest in the year before and had raised a family of young Crows. Sammy remembered what Jumper had said about Hooty and Mrs. Hooty. He didn't see them. So at last he came to the tree in which was Blacky's old nest. Sammy alighted in the top of the tree. He could look over to the nest. Somehow the nest didn't look just familiar. Sammy looked long and hard.

"It seems to me that that nest is bigger than it used to be," thought Sammy. "It was a good nest, but I don't remember that it was as big as this. He turned his head this way and looked at the nest and looked in. What Sammy saw almost made him lose his balance. Yes, sir, he almost lost his balance! He just saved himself from falling backward off the edge of that nest. What he saw was an egg! It was a big egg! It

"No," said Jumper the Hare, "I don't suppose we shall."

was a dull white. At the very first glance Sammy couldn't believe that it really was an egg. He thought it must be a little ball of snow. But after the first good look there was no mistaking it. It was an egg. He knew that he had discovered a secret and he knew that it was no place for him to be. You should see how hastily he looked around and in what a hurry he flew away from there. He felt that he couldn't get away from there too quickly. You see, that was a dangerous secret.

(Copyright, 1930, T. W. Burgess.)

PENSION BOARD IS CRITICIZED

Mr. T. L. Church Makes Some Strong Remarks on Methods Adopted Toward Returned Men

(Canadian Press)
OTTAWA, Ont., Feb. 27.—Describing a number of cases of returned soldiers who, he claimed, had received shabby treatment from the Pension Board, Mr. T. L. Church (Conservative, Toronto Northwest) continued in the House of Commons the debate on soldiers' pensions. He urged the House to take immediate action, and said it might well spend a week on the question rather than refer it to a committee which would mean indefinite delay.

The question under discussion was a resolution introduced by Mr. Peter McMillan (Conservative, Saskatoon) that the onus of disproof of the disabilities alleged in many applications for pension should be on the Pension Board.

The Government proposes to introduce a bill dealing with the matter, but Mr. Church said this would mean the bill, when introduced, would report towards the end of the session involving unnecessary delay.

Besides criticizing the Pension Board, Mr. Church maintained the Government was not employing as many returned men in the Government services as it might. No one ever heard of a returned man being appointed to the Senate or getting any attractive position. There were only considered suitable for menial posts.

"There has been more talk this session about the appointment of a woman to the Senate than about doing something for the returned men," said Mr. Church. "Why did the Government not appoint a woman who lost a son in the war to the Senate, or a widow who had lost a husband?" he asked.

Hold-Up Brings Comfortable Sum For Church Work

VERMILION, Alta., Feb. 27.—As a result of being the victim of a hold-up in Chicago, Rev. Father Sullivan has returned to his parish here with a comfortable sum for church extension work.

While visiting the American city, Father Sullivan was held up at gun point on the street by two men who took his money and returned him home. One of the men underwent a change of heart and returned his share of the cash and the ticket.

The robbery netted considerable publicity, with the result that many kind-hearted persons in the Windy City got in touch with the priest and thrust upon him sums for church work.

If ill health attacks one's weakest spot, what a lot of headaches some of us have.

the SINGING food

Pour milk or cream in a brimming bowl of these toasted rice bubbles—then listen while they sing a song of crispness! Snap! Crackle! Pop! This great new cereal is telling you how filled with wonder flavor every mouthful is!

Children love it—for breakfast, lunch or supper. At your grocer's. Made by Kellogg in London, Ontario.

Kellogg's RICE KRISPIES

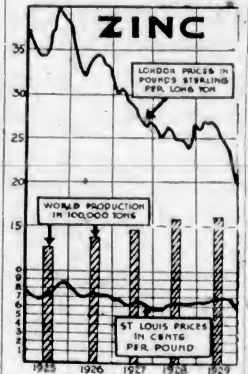

ZINC REFINERY MUCH DISCUSSED

Speculation Runs as to Effect on Industry of Production Curtailment

(Special to The Colonist. Copyright, 1930.)
TORONTO, Feb. 27.—In the face of reports that drastic curtailment of production is being instituted by mines and smelters in the zinc industry throughout the world as the realization is brought home that unregulated output has placed the metal in a serious position, news was received that plans are definitely under way for the erection of the much-talked-of zinc refinery near Montreal and the Street is wondering just what difference this development will make in the local picture.

Many Canadian properties, notably Hudson Bay, Sherritt-Gordon, Amulet, Abana, Waite-Ackerman, Aldermac, Errington, Lake Geneva and Noranda and Sudbury Basin, have a large zinc content in their ores, and the return to be expected from this metal will probably be the deciding factor in profits with at least some of these companies. The question is, therefore, will the provision of convenient refining facilities materially aid in securing a market for a commodity which several of the above enterprises were planning to store until world conditions were improved?

WORLD CONSUMPTION UP
Zinc finds its chief uses in the manufacture of brass in galvanizing of sheet metal, in sheet zinc for roofing, weather stripping,

etc., in paints and dyes, and in various other alloys. World consumption of the metal has shown a steady increase, being estimated at approximately 1,600,000 tons in 1929, against 948,000 tons in 1915, 1,047,200 tons in 1924, and 1,310,100 tons in 1927.

In spite of this increase, however, world production has kept ahead of demand for the past ten years, rising from 81,537 tons in 1920 to 1,465,070 tons in 1927. 1,578,378 tons in 1928, a record of 1,611,410 tons in 1929. The annual average from 1861 to 1870 was 129,741 tons; 1871-80, 202,066 tons; 1881-90, 350,978 tons; 1891-1900, 466,578 tons; 1901-10, 735,408 tons; 1911-20, 962,283 tons; and 1921-30, 1,238,566 tons.

PRICE CHANGES OUTLINED

In the chart given are outlined price changes during the past five years for prime Western zinc in St. Louis and for spelter in London, the former given in cents per pound and the latter in pounds sterling per long ton. World production in 1929, a record of 1,611,410 tons, also included for purposes of comparison.

Reaching a point of over £40 per ton in late 1924, though the all-time high of £115 per ton occurred in 1915, London prices for the metal have shown a steady decline since the latter part of 1925 and efforts were made at organization of European and associated producers to correct the situation. This action had its effect on prices during 1928, but the inability of this cartel to control the situation caused a break-up early in 1929 that resulted in still further declines, producing a new low point of £15 in January, 1930. This compares with the previous low point of £20 5s per ton, established in 1913.

DON'T GET EXCITED
It is an evidence of the highest culture when one can live in this rapidly changing, hurry-up age with a good control over all of the emotions. Those who have not attained such control find themselves torn by passions of love, hatred, jealousy, etc. They are storm-tossed by over-emotion—going from the depths to the heights—from pleasure to pain—becoming alternately too depressed or too exalted.

Besides the ordinary emotions which we recognize as existent, there is doubtless another common one which few have recognized. This is the simple emotion of excitement. Many get a nerve-stimulating thrill every time they hear the fire engine dashing by, or when they read of a great disaster. Their excitement is not truly caused by either fear or sorrow, or any other emotion ordinarily understood.

One who has the proper poise and calmness of mind does not allow himself to be too often excited by any emotion. But it is nevertheless true that there are many nervous-racked people who allow their minds to be storm-tossed by every unusual story or news about happenings which can in no way immediately concern them. Such excitement only depletes the nerve forces and brings on nervousness.

The man of power is always one who has a steady control over all emotions, and who uses his mental and physical energy where it will do the most good. The fault seems to be that many do not understand upon what events and emotions they should place the proper emphasis.

Women, as a rule, may be said to be more nervous and seem to waste more energy upon trifles. The business or professional man would not go very far in accomplishing any very successful work if he could not

Judgment Reserved

Not agreeing as to who was responsible for a minor automobile collision, near the corner of Cecil Hill Road and Hillside Avenue, W. T. Overstall and the Vancouver Island Coach Lines, Limited, claimed damages from each other in County Court yesterday, at the trial of an action for \$32 instituted by the former. Mr. G. H. Sedger appeared for the plaintiff, and Mr. H. Maclean, K.C., for the defendant company.

Hearing of the trial was concluded and Judge Lampman reserved judgment.

The Wall Street lamb may have the wool pulled off his eyes, but he has pulled it off everywhere else.

Fish Fertilizer Company Incorporated for Crofton

Shuniah Mines, Limited, Is Only Large Capitalized Concern in Week's Incorporations Announced in British Columbia Gazette

Formal notice is given in The British Columbia Gazette of the registration of the Fish Fertilizer Company, Limited, which proposes to operate at Crofton, and of which full details appeared in The Colonist recently.

Other incorporations registered are:

Ambrose & Tagg, Limited, Vancouver; \$100,000 capital.

Arnold's Marine Service, Limited, Vancouver; \$10,000.

Domination Agencies, Limited, Vancouver; \$10,000.

Easthope Company, Limited, Vancouver; \$30,000.

Fraser Farms, Limited, Vancouver; \$25,000.

Frou-Frou, Limited, Vancouver; \$10,000.

Hanbury, Rodger, Sigurdson Millwork Company, Limited, Vancouver; \$300,000.

Holmes & Wilson Trucking Company, Limited, Vancouver; \$25,000.

J. Anderson & Company, Limited, Vancouver; \$10,000.

Maple Ridge Co-operative Produce Exchange, office, Port Haney.

Oyster Bay Women's Institute, under Societies Act.

P.A.T., Limited, 100 shares of no par value, Vancouver.

Sawdust Supply Company, Limited, Vancouver; \$25,000.

Shuniah Mines, Limited, non-personal liability, Vancouver; \$20,000.

Standard Gypsum Company of Canada, Limited, Vancouver; \$100,000.

St. Michael's School of Vernon, Limited, Anglican girls' school, Vancouver; \$10,000.

Vancouver Cleaners, Limited, Vancouver; \$40,000.

Wilbur Towing Company, Vancouver; \$30,000.

Extra provincial companies registered are:

Edenapple Service, Limited, and Vancouver-Denver Investment Corporation.

MONTREAL PRODUCE

MONTREAL, Que., Feb. 27.—Butter, cheese and eggs unchanged. Cheese—Finest Westerns, 19 to 19 1/2; finest Easterns, 19.

Butter—No. 1 Pasteurized, 34-35; Eggs—Storage, firsts, 39; storage, second, 37-38; fresh specials, 45-46; fresh extras, 42-44; fresh firsts, 40-43.

Noranda Mines, Limited

Capitalization: Common stock, 1,240,851 shares; company also owns the Horne Copper Corporation which operates Horne mines. Production over 2,000 tons per day, averaging 12% copper. Will probably increase dividend during year.

Price, About \$38.50; Dividend, \$3.00; to Yield 7%

JUDGMENT

MARKET judgment is partly experience and ability to analyze conditions. Two factors are responsible for unusually low prices in the mining group. First, a surplus of lead and zinc has carried the price of base metals to an unproductive level; secondly, technical market conditions have resulted in selling pressure on all markets. Both conditions are temporary. The law of supply and demand will result in the present surplus of base metals being absorbed, and revival of demand and technical market conditions will adjust themselves as they always do.

Good judgment dictates taking advantage of a combination of unusual circumstances which are obviously temporary.

MILLER, COURT & CO. INVESTMENTS

Bastion and Government Streets, Victoria, B.C.

Your Investments

Many individuals conspicuously successful in their own business are unsuccessful in their investments.

It takes time, energy and care to make a success of business. That is also true of investment. Yet many business men can give only a small fraction of their time to their investments, which are made haphazard, without any considered plan.

The first forward step in safe-guarding capital and assuring adequate income return is to enlist the co-operation of a responsible investment house.

The services of this organization are freely at the disposal of individuals seeking a definite programme of investment.

If you cannot conveniently call on us at our head office or at one of our branches, we invite you to write to our Correspondence Department.

PRICES JUMP HIGHER STILL AT VANCOUVER

Oils Show Much Activity and Continued Buying Forced Values Up to Improved Levels

MARKET GENERALLY DISPLAYS STRENGTH

VANCOUVER, Feb. 27.—Continued buying forced prices still higher on the Vancouver Stock Exchange today, with activity being fairly well scattered throughout the list. Chief among today's leaders in the oil section of the list were A.P. Consolidated, which sold up 5c to \$14.37; Calmont, which gained 4c to \$11.18; C. & E. Corporation, which jumped 4c to \$14.48; Dalhousie, up 2c to \$12.7; and Home Oil, up 4c to \$8.10. Sterling Pacific was another active feature, but went contrary to the general trend and dropped 8c to 16c. Royaltie jumped 3c to 1.8, while 9c gains were registered by Mayland at 80, and McLeod at \$2.09. Four to 6c advances were recorded by Model, Freehold, Okalta, United, Southwest Pete, Mill City, Associated and Eastcrest.

The mines remained firm, but did not display the activity of the oil. Pend Oreille gained another 15c to \$2.95, while Reeves MacDonald was up 9c to 78.

Montreal Canadiens Show Brilliant Form In Walloping Leafs

Morenz Stars as Frenchmen Beat Toronto, 6-2—Senators and Cougars Battle to Draw—Rangers-Hawks Fail to Settle Duel

(Canadian Press)

MONTREAL, Feb. 27.—With Roy Worters, American goater, in the nets playing spectacular hockey, the Montreal Canadiens scored a 6-2 victory over the Toronto Maple Leafs here tonight. The Canadiens, led by the flashy Howie Morenz, had the edge on the Torontonians from the start.

The Line-Ups
 Canadiens: Goal—Chabot; Defence—Worters, Mantha, Burke; Centre—Morenz.
 Toronto: Goal—Cotton; Defence—Burke, Mantha; Centre—Duncan, Nighbor, Grant and Jackson.

Summary
 First period—1, Canadiens, Morenz (Leduc), 14:20; 2, Canadiens, Leduc (Mantha), 2:35.
 Second period—3, Canadiens, Mantha, 0:50; 4, Canadiens, Joliat (Leduc), 3:55; 5, Leafs, Cotton (Burke), 4:15; 6, Canadiens, Morenz (Worters and Mantha), 5:00; 7, Leafs, Jackson (Burke), 2:07.
 Third period—8, Canadiens, Morenz, 12.

BATTLE TO DRAW

DETROIT, Mich., Feb. 27.—For two periods Ottawa Senators and Detroit Cougars went through the motions of a National Hockey League game here tonight, and then they settled down to business.

Both teams put up a lively third period battle and, with the score tied two-all, went into an equally lively overtime period, each team scoring in the extra period, but the score stood at a 3-3 tie when the final whistle blew.

The Line-Ups
 Ottawa: Goal—Beveridge; Defence—Hughes, Smith; Centre—Goodfellow, Kilger; Wing—McCabe, Finnigan; Wing—Cooper.
 Detroit: Goal—Gagne, Cox, Whetstone, Connor, Howe and W. Kilger.

Summary
 First period—1, Detroit, Aurie (Hay), 7:25; 2, Ottawa, Lamb (Kilger), 8:22.
 Second period—3, Detroit, Goodfellow (McCabe), 4:52.
 Third period—4, Ottawa, W. Kilger, 17:45.
 Overtime period—5, Ottawa, Kilger (McCabe), 4:45; 6, Detroit, Goodfellow (McCabe), 4:52.

FAIL TO REACH DECISION

NEW YORK, Feb. 27.—The Chicago Black Hawks and the New York Rangers failed to reach a decision tonight in their battle for second place in the American group of the National Hockey League, winding up in overtime bout in a 1-1 tie.

The contest was a spotty affair. Neither team would take any chances with the opposing offense, and as a result defensive play predominated. In the overtime period they both appeared satisfied with a draw.

The Line-Ups
 Chicago: Goal—Gardner; Defence—Wentworth, Taylor; Centre—Couture, Somers; Wing—Arbour, Rangan; Substitutes—Thompson, Murdoch, Keeling, Goldsworthy, Vail, Reiss, Quenneville, Reiss.
 New York: Goal—Ripley; Defence—Adams, O'Rourke, Cook, Miller, Ingram; Referee—Corbett and Ritchie.

Summary
 First period—1, Chicago, Ingram (Wentworth), 4:05.
 Second period—2, Rangers, Keeling (Vail), 4:39.
 Third period—No score.
 Overtime—No score.

SOURIS CAPTURES FIRST MANITOBA SENIOR PLAY-OFF

BRANTON, Man., Feb. 27.—Souris last night won the first play-off for the Manitoba senior hockey championship, defeating Winnipeg Elmwoods, 4-3, in a thrilling overtime battle.

The Eastern Manitoba League winner had already conceded a chance in their series with the speedy Winnipeg city club, struggled on even terms for three periods and then put on an extra burst of speed in the overtime session to count two goals while Elmwoods were getting one.

The teams play in Winnipeg. Priddy, and should Elmwoods win, a third game will be necessary to decide Manitoba's representative in the Allan Cup play-downs.

Reached Final Bracket In C.P.R. Golf

Physicians Declare Ring Career of Giant Italian Will Be Short Lived

ST. LOUIS, Feb. 27.—The St. Louis Post-Dispatch in a special dispatch from New Orleans last night declared that the fighting career of Primo Carnera, gigantic Italian heavyweight, will be short lived.

Quoting three "reputable but unnamed physicians" of New Orleans, The Post-Dispatch says the doctors either observed or examined Carnera during his week's stay in that city and pronounced him a victim of various veins.

In an editor's note it was explained that the examination was made at the paper's suggestion to determine the nature of Carnera's leg trouble.

While not naming the physicians, the paper says one of them was connected with the camp of Stanley Ketchel. The paper quotes him as saying:

"Carnera is a magnificent physical specimen from the knees up. From the knees down, he is weak, and he is not a fighter. I have never seen a fighter in my thirty years' experience who had legs as bad looking as Carnera's. I seriously doubt if he does any amount of road work now and believe that if he does any in the future it merely will hasten the end of his career."

"Carnera, if he does any road work, will risk the rupturing of the varicose veins in his legs. This condition is most unusual in an athlete and particularly in one reputed to be as young as Carnera."

The other two doctors were quoted along the same lines.

MISS LAURA AUDAIN

Of Calwood, who was runner-up to Mrs. R. B. Phillips in last week's Empire Hotel tournament at the Calwood Golf and Country Club, Miss Audain was defeated, two up, after a hard fight.

NANAIMO BOWLING

NANAIMO, Feb. 27.—In a postponed Commercial League fixture played last evening, the City Cleaners succeeded in taking the odd game from the Union Oil P. Inkster, of the oil men, was high aggregate with 631 pins, and E. Friend, of the Cleaners, won the Capital passes with the high single game of 262.

City Cleaners
 T. Rothery 111 181 228-520
 H. Singer 176 137 155-468
 C. Murphy 138 172 156-460

ROOKIE PITCHER IMPRESSES MACK

FORT MYERS, Fla., Feb. 27.—Only two days out of the preseason tour, the Chicago White Sox, led by the champion Athletics, has expressed himself as "very much interested" in the baseball manners of his rookie pitcher, Alfred Mathewson.

Mathewson, the only left-hander among this year's recruits, hailed from Pilger, Neb., where he played last season for the Chicago White Sox.

"While he's listed as a semi-pro," said Mack, "and he's out there pitching like Herb Pennock, I'm going to watch that fellow mighty closely."

Mrs. Vera Hutchings to Play at Pebble Beach

DEL MONTE, Cal., Feb. 27.—Mrs. Vera Hutchings, of Vancouver, B.C., noted feminine golfer, arrived here today to start practicing for the women's Pebble Beach golf championship, March 3-7. Mrs. Hutchings, the present Northwest champion, has twice been runner-up to Miss Marjorie Bonnell in the annual Pebble Beach classic.

He also claimed that the referee was not counted Scott out, and that he would take the matter to the referee.

Long after all the bouts were over the argument concerning the Scott-Sharkey affair continued. Jimmy Johnston said to the newspapermen that there had been no doctor in the ring, and that the referee permitted him to do so at the referee's request.

He also claimed that the referee was not counted Scott out, and that he would take the matter to the referee.

Francis P. Garvin, the famous scientist who has been awarded the Institute of Chemistry's gold medal, said at a luncheon in Washington: "Sir Arthur Conan Doyle and Mr. Oliver Lodge believe in spiritualism, but the arguments they back up their belief with aren't very scientific. They remind me of Wash- ington." "Do you believe the dead ever walk, Washington?" said the general storekeeper. "Dead ah does," said Wash- ington. "What proof have you got?" the storekeeper asked. "Good proof," said Wash- ington. "Did you never hear, boss, of de 'Dead March'?"
